

TRUMAN AGAINST INCOME TAX CUTS

FIRES SHROUD
BLAST RUBBLE
IN TEXAS CITYMORE BODIES FOUND
IN HAUNTED RUINS
OF EXPLOSION

(By The Associated Press)

Texas City, Tex., April 19 (AP)—Sullen fires casting smoke shadows over tired Texas City still burned today as rescue crews combed beaches and probed haunted ruins of huge plants for more bodies—and found them.

Scores were found at the Monsanto Chemical Corp. plant, searched for the second day as it smoldered. Eight more were recovered from the water where the Grandcamp exploded four days ago and set off the chain of blasts that killed an estimated 580 and injured 3,000 others.

Among the burning oil fires today were two benzol tanks at the Monsanto plant and two crude oil storage tanks at the humble tank farm. But officials said they believed danger from explosions was gone.

Inquiry Continues

They concentrated on relief work, recovery of bodies, and plans for burial and later rehabilitation.

DISASTER IN FIUME

Trieste, April 19 (AP)—Travelers arriving here today said 40 persons had been killed and 200 injured Friday in an explosion in the railway freight yards at the Istrian port of Fiume.

The blast occurred while chemicals were being loaded on a freight car, reports said.

Eleven miles away, in Calveston, the Coast Guard continued its investigation into the cause of the initial explosion that eventually resulted in the sinking of the Grandcamp, the Wilson B. Keene and the High Flyer; in the destruction of the multimillion dollar Monsanto plant; in damage and destruction to other industries and stores and homes.

Memorial services for the dead were set for 6 p. m. (CST) tonight.

The death estimate mounted today. The Red Cross said 580 were dead. Roy Wade, administrative assistant to Col. Homer Garrison, head of the state department of public safety, said 277 were definitely known dead.

C. C. Kennedy, manager of the Houston Telephone Exchange who has been here directing telephone communications, said that Mrs. Jewell Whately, head of the area telephone union, had pulled the entire crew of 27 workmen off salvage, installation and repair work today. He said she told telephone workers to handle calls "at their discretion."

The company said it was bringing in its own maintenance men and said communications would not be disrupted.

Later, Mrs. Gladys Sepie, Houston strike director for the telephone workers, said Texas City operators will handle all calls which the Red Cross defines as emergency. Mrs. Whately

Kindly Old Owosso
Doctor Shoots Man
And Dies Of Stroke

Owosso, Mich., April 19 (AP)—Herbert Chaplin, 24, was recovering today from a bullet wound at the hands of a kindly old country doctor who suddenly went berserk in the throes of a fatal stroke.

Police Chief Ted Rice said 89-year-old Dr. Alfred L. Arnold sr., a respected practitioner for 60 years until his retirement a decade ago and a former mayor of Owosso, interrupted a family card game Friday night with a single burst of gunfire.

The aged man was overpowered, surrendered his weapon and then returned to his upstairs room where he slumped across a bed and died.

The elderly physician sat quietly reading a newspaper and conversing for a time with his daughter-in-law, Mrs. A. L. Arnold jr., who was entertaining Mr. and Mrs. Chaplin. Later he fixed himself a lunch in the kitchen and retired to his room.

The police chief said he reappeared suddenly with the gun in his hand and wordlessly opened fire. Chaplin, who was wounded in the jaw, and Mrs. Arnold took the gun away from him.

The physician's son, Dr. A. L. Arnold jr., was at his farm in nearby Ovid at the time of the shooting. He said he did not know his father had a gun.

The younger man said his father suffered a stroke last summer during a trip by air to visit another son, Dr. Harry L. Arnold in Honolulu. The second and fatal stroke, the son said, apparently caused the elderly man to go berserk.

Chaplin served in the air forces with the junior Arnolds' sons, Lt. Leston Arnold, who was killed in an airplane accident in India three years ago. The physician said his father and the young veteran had been good friends.

Former patients described the aged doctor as a kindly, conscientious physician widely known throughout the area for more than half a century.

AUTO WORKERS
MAP PAY DRIVEUnion Resumes Dickers
With GM, Sticks To
23½-Cent Demand

Detroit, April 19 (AP)—The CIO United Auto Workers today mapped plans for an impending conference that may produce the first rank-and-file reaction to a potential wage pattern for 220,000 General Motors Corp. employees.

The corporation has offered the union an 1½ cent hourly wage increase plus six paid annual holidays, which it says is the equivalent of a 15 cent an hour raise.

President Walter P. Reuther of the UAW-CIO termed the proposal unsatisfactory immediately after it was made Friday.

However, observers speculated on a meeting of the union's General Motors council, composed of representatives of employees in 90 plants, scheduled for Wednesday.

While the council normally listens attentively to arguments of the international officers, it has the power to override Reuther and submit to the rank-and-file the General Motors offer.

There is nothing of a public nature to indicate it will do so this time, however.

Reuther has avowed a determination to stick to the union's original 23½ cent demand and indicated he might command further on the offer today.

However, UAW-CIO headquarters announced there would be no further comment and that Reuther would "let it ride" until next week.

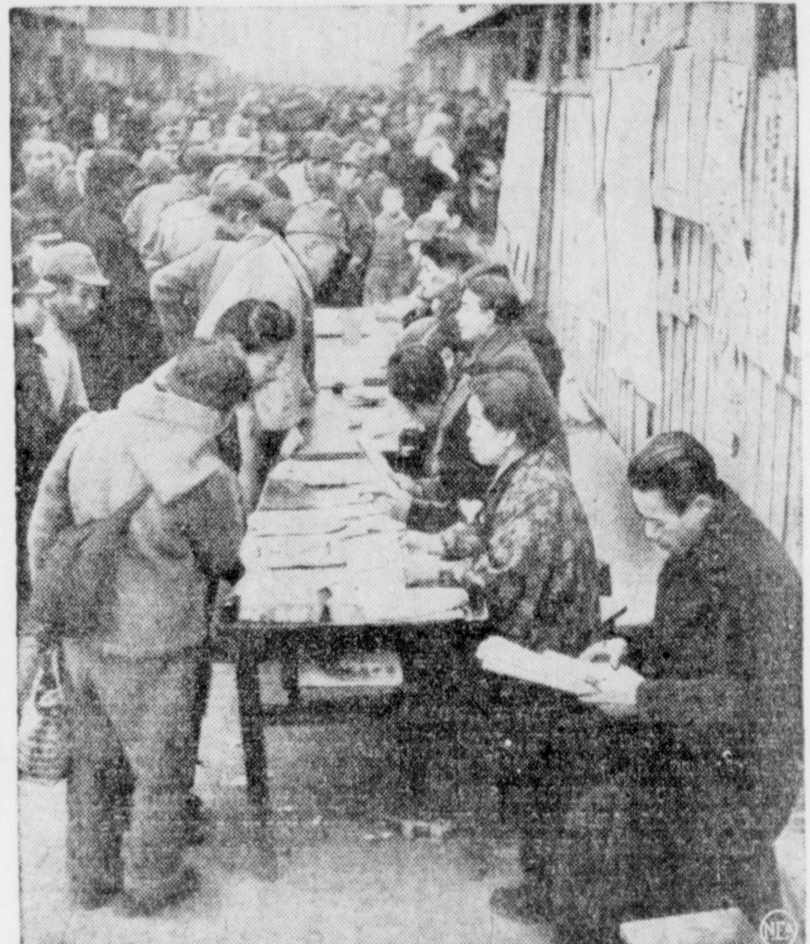

The company and the union are slated to resume negotiations Monday.

Republicans Choose
Convention City At
Kansas City Monday

Kansas City, April 19 (AP)—Republican leaders, confident over their prospects in 1948, began arriving today for the National committee meeting which will select the convention city where the standard bearer will be named.

Between greeting early arrivals and arranging details, Carroll Reece, Republican National chairman, praised the work of the Republican controlled Congress, particularly the action of the House in trimming the budget by \$6,000,000,000.

Only two cities are contenders for the 1948 gathering—Chicago and Philadelphia. The city and the date, now tentatively set for the week of June 20, will be selected at the first meeting Monday afternoon.

JAPS WANT TO GO TO WORK—Huge throngs of Japs, eager for jobs, pack a street in the Asakusa, famed Tokyo pleasure resort, waiting their turns to register for work. Bulletin board at right lists jobs wanted and jobs available.

Agreement Hinted
On U. S. Steel Wage

Pittsburgh, April 19 (AP)—Private contract discussions at top level today resulted in reports that a wage agreement had been reached between the U. S. Steel Corporation and the CIO-United Steelworkers.

These reports, totally lacking official confirmation, stemmed from man-to-man discussions between CIO-President Philip Murray and Vice President John A. Stephens of the Steel Corporation.

Their talks, begun yesterday, caught the union's executive board by surprise and caused a one-day postponement of a meeting of the board as its members gathered in a hotel room today. The meeting was re-scheduled for 10:30 a. m. tomorrow.

Dow, Jones & Co., business news agency, said the wage agreement had been reached, quoting "usually authoritative circles."

Both the union and the corporation reported they had "nothing to say," but a corporation spokesman said this meant the firm was "neither confirming nor denying the report."

The basis of settlement, Dow, Jones said, "without official confirmation" generally fits the pattern of the increases granted CIO-Electrical Workers by General Motors Corp. and Westinghouse Electric Corp. These raises are the equivalent of 15 cents hourly.

A 23-cent hourly raise demand asked of Jones & Laughlin Steel Corp., fourth largest producer in the nation, is the only definite wage figure yet made known in industry negotiations. A J. & L. spokesman said the 23 cents "covers a lot of other things" besides a raise, presumably holiday pay and some adjustments in current levels.

The industry's current basic hourly rate is 96½ cents. The raise given Westinghouse workers lifts the hourly average in that firm's plant to about \$1.15½.

The far-reaching House labor bill has already been approved by that body, 308 to 107.

The somewhat milder Senate bill has been approved by the Senate labor committee and will be debated in the Senate starting probably Wednesday. No major attacks are expected on the national emergency section.

When a judge issues an injunction, the parties must obey it or be punished for contempt of court, as John L. Lewis was.

Both the House and Senate bills, as written, would permit the injunction procedure in an industry-wide utility strike like the present telephone walkout.

Both are clearly designed to apply to a coal strike, although Senators Smith and Elbert Thomas (D-Utah) told a reporter some question might be raised whether the Senate version would cover a coal strike in the summertime—when people do not need coal to keep warm (A coal strike is possible July 1, when the soft coal mines go back to private possession).

General members of the House labor committee told a reporter this provision is mainly designed to stop telephone, coal, and steel strikes, and therefore would affect steel.

Chance For Austrian Peace Pact Buried At Moscow Session

BY WES GALLAGHER

Moscow, April 19 (AP)—Soviet support of Yugoslav claims to Southern Carinthia threw the foreign ministers into a final deadlock tonight and apparently buried any chance of writing an Austrian peace treaty at the Moscow conference.

On the initiative of U. S. Secretary of State Marshall and British Foreign Secretary Bevin the ministers scheduled two Sunday sessions in a drive to speed the conference to a conclusion.

The council ended its sixth week without a single major agreement on disputed issues in the writing of the Austrian and German peace pacts. It has been the longest period to date for a session of the council.

American informants suggested that the Kremlin may have decided to deliberately stall off any changes now in the Central European situation until the Soviet Union's policy makers weigh the effect of the new anti-Communist stand of President Truman as evinced in his proposals to aid Greece and Turkey.

Senator Bilbo Goes Back To Capital; Cancer All Cured

Jackson, Miss., April 19 (AP)—Senator Bilbo (D-Miss.) is a "well man" and "will go back to Washington to represent Mississippi," said Dr. Alton Oschner, surgeon who performed two operations on the senator for cancer.

Dr. Oschner told reporters that after he had performed the second operation for cancer of the mucous membrane of the mouth he feared that a recurrence might set in but that it had not.

SENATE READY
WITH BILL TO
STOP STRIKESVETO ANTICIPATED
FOR NEW LABOR
LEGISLATION

BY MAX HALL

Washington, April 19 (AP)—Legislation to block "emergency" strikes by court injunction seemed certain today to pass in the Senate as it has in the House but Congressmen differed as to what it would affect.

Most agreed that it would operate against telephone and coal strikes. Whether a steel strike could be halted by it was a question, but one which appeared of less immediate importance in view of the trend of negotiations in that industry.

Both the House and Senate bills now contain provisions that would enable the attorney general to get a federal court injunction, lasting about 75 days, against certain kinds of serious strikes.

Since the two provisions are basically the same despite many differences, congressmen generally believe that the bill finally sent to the White House will retain this procedure. Senator Elender (D-La) told a reporter, "there is absolutely no doubt about it."

But there is doubt whether the injunction procedure will become law, because President Truman may veto the whole bill.

Senator H. Alexander Smith (R-NJ) said Republican leaders ought to confer with the President and work out a bill that would not be vetoed.

The far-reaching House labor bill has already been approved by that body, 308 to 107.

The somewhat milder Senate bill has been approved by the Senate labor committee and will be debated in the Senate starting probably Wednesday. No major attacks are expected on the national emergency section.

When a judge issues an injunction, the parties must obey it or be punished for contempt of court, as John L. Lewis was.

Both the House and Senate bills, as written, would permit the injunction procedure in an industry-wide utility strike like the present telephone walkout.

Idle Phone Workers
Want Government
To Put On Pressure

BY NORMAN WALKER

Washington, April 19 (AP)—Striking telephone workers, facing a third week of idleness, asked the government today to put "pressure" on the phone companies for a wage increase.

The unions pointed to pay boosts recently granted in other industries and demanded that the government seek matching wage increases in the telephone industry.

The strike-bound Bell System, meanwhile, stuck by its offer to arbitrate the unions' requested \$12 weekly raise and other demands on a regional basis.

BOY KILLS HIS
SWEETHEART, 16Pasadena Youth Admits
Slaying, Loses Nerve
For Suicide

Pasadena, Calif., April 19 (AP)—Chief of Detective Stanley Decker said Gerald Snow Welch, 16, delivered the body of his 16-year-old sweetheart to the Pasadena police station this morning with the explanation:

"After I killed Dolores I lost my nerve and couldn't commit suicide."

Welch, a book binding employee, was booked on suspicion of murder in the death of Dolores Fewkes, high school student of suburban Bell Gardens.

Detective Decker said Welch told Pasadena officers:

"We had decided to commit suicide together. I was fed up with life and she didn't want to go on without me, she told me. I had had family troubles, religious troubles and troubles at work."

"Yesterday I borrowed a friend's car and we drove up to Angeles Crest highway to a camping ground at Pony Flats. I intended to shoot her, then myself, but the 22 rifle shells didn't do the trick at all."

Decker said Welch related, in his oral statement, that he shot the girl twice and added that, when she didn't die he "couldn't stand to see her suffering."

"I picked up the rifle and beat her with the butt," Decker said Welch told him. "When the butt broke I beat her with the barrel."

Three Babies And Mother Killed At Railroad Crossing

Detroit, April 19 (AP)—Mrs. Weldon Long, 38, of Gibraltar, and three of her five children met instant death today when she drove her car into the path of a New York Central passenger train at a crossing on Middle Gibraltar road about five miles east of Rockwood.

State police at Flat Rock said there were no known witnesses to the tragedy and concluded the woman evidently failed to note the approaching train.

The car was dragged ¼ of a mile along the track.

The small victims were: Ruth Ann, 4; Richard Wayne, 2; and Raymond Doss, eight months.

At the time of the accident, the woman's husband, Weldon, 42, who is employed at the Great Lakes Steel Corp. in Ecorse, was at home. Two older children were attending a track meet at the South Rockwood junior high school, which led to the belief Mrs. Long was enroute to pick them up.

Police Arrest 17 In Lottery Revival, \$5,000,000 Weekly

New York, April 19 (AP)—Seventeen men were arrested today in connection with operation of an Italian lottery ring which, police said, was a \$5,000,000-weekly revival of a lottery once controlled by deported vice overlord Charles "Lucky" Luciano.

Police Commissioner Arthur W. Wallander termed the arrests "the most important ever made in the history of the lottery."

QUADRUPLETS DIE

Eccles, Eng., April 19 (AP)—Two of the quadruplets prematurely born early this morning to Mrs. Marian Lowe, 38, died late today, and doctors said there was little hope that one of the remaining two, a girl, would survive. The doctors announced the death of a boy and a girl.

DANGER SEEN
OF INFLATION
BY PRESIDENTSURPLUS PREDICTED
OF \$1,250,000,000 FOR
FISCAL YEAR

Washington, April 19 (AP)—President Truman declared tonight that a "sharp increase in prices" has "inflated the entire economic structure" and took a new stand against any income tax cuts now.

He issued a statement predicting a surplus of government receipts over expenditures of \$1,250,000,000 for the present fiscal year which ends June 30. Mr. Truman had announced in a Jefferson day speech April 5 that a surplus was in sight, but did not disclose the amount until tonight.

Debt Reduction Proposed

The president attributed the revision in estimates since his budget message went to Congress in January to administration economies as well as to a sharp increase in prices "since the removal of controls."

He declared that now, when a balanced budget is being achieved, he wants to emphasize the need for reducing the public "white times are good."

"It is natural for taxpayers to wish to see taxes reduced," the president's statement continued. "But to do this now would promote inflation, so that the benefits of any reduction would be largely dissipated."

Mr. Truman promised on April 10 that he would soon have the statement he issued tonight.

Estimate Disputed

On April 9 John W. Hanes, former undersecretary of the treasury, said the government would have a \$3,000,000,000 or \$4,000,000,000 surplus on the current fiscal year.

Hanes, now a New York business man, offered his estimate in saying that debt reduction and tax reduction "both become feasible and practicable."

The next day Mr. Truman told a news conference that whatever Hanes' source was, it was not a reliable one.

The president's statement came amid renewed activity over the income tax reduction pending in Congress.

1. Senator Lucas (Ill.), Democrat, put forward a bill to cut income taxes next Jan. 1, instead of this year as the Republicans propose. It would accomplish the reductions by different means than the 30 and 20 per cent slashes provided in the bill which the House passed March 27.

2. The Senate finance committee, of which Lucas is a member, set hearings to start Tuesday on the tax bill with Secretary of the Treasury Snyder as the first witness.

WEEKLY X-RAY SCHEDULE TOLD

Free TB Examinations
In Escanaba Will
Start Tuesday

The State health department's mobile x-ray unit which has already examined 2,500 Delta county residents for tuberculosis in the past two weeks will move into Escanaba Tuesday next week for the first time.

The public is invited to avail itself of the opportunity for free examination. It is not necessary to disrobe, and there is no discomfort felt in having the x-ray picture made of the chest.

The schedule for the week is as follows:

Monday—Bark River barber shop, 9:30 a. m. to noon, and 1 to 5 p. m.

Tuesday—Escanaba Paper mill, 9 a. m. to 1 p. m. and 2 to 5 p. m.

Wednesday—Escanaba Senior high school, 9 a. m. to noon, and 2 to 5 p. m.

Thursday—Escanaba Senior high school, 9 a. m. to noon, and 2 to 5 p. m.

Friday—Escanaba Junior high school, 9 a. m. to noon, and 2 to 5 p. m.

At Bark River Mrs. John Barr is chairman of a volunteer group including Mrs. Don LeVesque and Mrs. Joseph LeVigne who will assist with the clinic. The high school students from Hermansville will be brought in for the first hour in the morning. About 100 Indians from the Harris area are expected to use this location for their annual check-up. The Lions club from this area are assisting in having local people turn out for the x-ray.

Tuesday in Escanaba at the Paper Mill the volunteers will be Mrs. John Luecke and Mrs. K. F. Harrington.

Volunteers at the high school will be Mrs. E. G. Bennett, Mrs. E. B. Harvey, Mrs. Ed. Erickson and Mrs. Harry Brackett on Thursday. Throughout the time the bus is at the schools in Escanaba, Miss Gertrude Sheehan, school nurse, will assist. While the bus is parked at the schools adults living nearby may also come for a chest x-ray. At the Junior high school Mrs. P. A. Wohlen and Mrs. Harry Needham

will be assisting volunteers. The Escanaba Chamber of Commerce has sent out letters to business establishments and small industrial firms urging them to make arrangements for their employees to visit the bus when it is in their vicinity. All food handlers are also being urged to have their chests x-rayed at that time. In Escanaba it is hoped that between 400 and 500 persons per day will take advantage of the free chest x-ray examination.

Briefly Told

Carpenters' Meeting—The regular meeting of the Carpenters' Union No. 1832, scheduled for Wednesday, has been postponed until Saturday evening, April 26.

Omission—The name of Betty Lemirand was unintentionally omitted from the list of orchestra and chorus members of Escanaba attending the festival yesterday in Marquette. Betty plays the saxophone.

Minstrel Show—The April Minstrel show, which was presented in Bark River Saturday night, will play in Stephenson (Monday) night at eight o'clock.

Legion Meeting Monday—A regular meeting of Cleveland Post, No. 82, American Legion, will be held in the Legion club rooms, Monday evening, beginning at 8 o'clock. Nomination of officers will take place at the meeting.

Meeting of ERA—Members of the Equitable Reserve association will hold a meeting Monday at 8 p. m. at Grenier's hall. Games will be played after the business session, and will be open to members and friends.

Winner From Rock—Lester Bazinet, senior high school student of Rock, was winner of dramatic declamation in the district forensic contest held in Munising. It was incorrectly reported yesterday that Bazinet was from Rock River.

K. of C. Class—The Knights of Columbus religious class will meet at 8 o'clock Monday night in the

BAND FESTIVAL HERE APRIL 26

600 Music Students To
Mass Here Saturday
For Annual Meet

The annual festival of high school bands of the Upper Peninsula will be held Saturday, April 26 in the Escanaba junior high school auditorium. A. L. Shomento, director of instrumental music for the high schools here, is in charge of arrangements for this meeting of the school musicians.

E. C. Moore of the Conservatory of Music at Lawrence college in Appleton, Wis., will act as adjudicator for the group assembly. Students numbering about 600 from the various high schools of Upper Michigan will receive their meals during the festival through the courtesy of Escanaba churches.

In the morning individual bands will play starting at 8:45 and continue through to 12:30. At this time the adjudicator will hear the bands after which he will offer constructive criticism to each school group.

In the evening the bands will be massed and together will pre-

club rooms. Following the class motion pictures of the 1946 World Series and all-star batters will be shown. All men are invited to attend.

\$250 Lost On Train—Agnes Knoblock, South Bend, Ind., lost a wallet containing \$250 on the CNW streamliner Friday night, she informed local police. She is now residing at the Engle residence, Route One, Gladstone.

STATE TO BURN OLD CLEARINGS

Believe Game Bird Range
And Blueberry Crop
May Be Improved

Staking out bigger jobs as confidence grows in the use of fire as a tool to create better range for game birds, the conservation department's game and forest fire men are planning to burn-over 4,135 acres this year, most of it in the upper peninsula. In all of 1946 the controlled burning acreage totaled 2,395 acres.

The conservation commission has formally approved seven burning projects on state lands and also endorsed state cooperation with the federal Fish and Wildlife service in burning all or part of about 5,000 acres, 70 per cent state-owned, near Seney federal wildlife refuge.

Three of the seven state projects are carryovers from the 1946 schedule, when adverse weather balked their completion. They include 60 acres of old clearings now growing up in Baraga county; 120 acres of grass and hardwood re-

1,500 acres of old farm clearings with some aspen, oak and cherry on them in Oscoda county, in one of the few areas still supporting prairie chickens.

The four new areas are: 55 acres in Baraga county, now grassy but beginning to close with aspen and willow; two places in Dickinson county of 840 and 960 acres, where burning may help maintain sharp-tail range on partly open grasslands that have hard-

wood second growth coming in; and 600 acres in Schoolcraft county, where burning should maintain the open character of the site and encourage blueberry production.

The seney "marshes" north of the federal refuge are rated one of the best sharp-tailed grouse habitats in the eastern part of the peninsula. Besides the 5,000 acres to be burned in joint federal-state operations there this year,

another 6,400 acres is scheduled for burning in 1948.

Noted Psychiatrist Will Speak Here Monday Night

Dr. Samuel W. Hartwell, noted psychiatrist and writer and lecturer on the subject of mental hygiene, will speak in Escanaba Monday on the need of child guidance service in decreasing delinquency among youth. The public is invited to hear Dr. Hartwell at a general meeting to be held in Wm. W. Oliver memorial auditorium in the junior high school at 8:15 p. m. Monday.

Dr. Hartwell is assistant director of the Michigan department of mental health, and will come to Escanaba under sponsorship of the local Youth Guidance Council.

At noon Monday in the Delta hotel Dr. Hartwell will address a joint meeting of the Rotary and Kiwanis clubs. In the afternoon at 5:15 o'clock he will be heard

over WDEB, and in the evening will speak to the Lions club before addressing the public meeting in the Junior high school auditorium.

The public meeting is expected to be of particular interest because of its timeliness. There has been considerable local interest in the establishment here of an extension of the Child Guidance Center, which would be helpful in the preventative aspects of mental disease.

There are now nine Child Guidance Centers in Michigan. One of these is located in Marquette. Each is set up to be staffed by a psychiatrist, a psychologist and a psychiatric social worker. Ultimately it is planned that 20 such centers will be established in the state, with four in the Upper Peninsula.

Psychiatrists hold that delinquency is not only a personal problem, nor alone a family problem. Rather, they say, it represents a community condition and attitude, and shows a certain tolerance peculiar to that locale.

Dr. Hartwell is a member of many psychiatric and medical societies, and was president of the American Orthopsychiatric association in 1939. During his entire career, Dr. Hartwell has been actively engaged in furthering mental hygiene by means of lectures and writings. He has made numerous contributions to psychiatric journals, and has published two books.

Briefly Told

Bird House Contest—Persons planning to enter the Escanaba bird house building contest are urged to turn in their entries to Jerome Deloria at the recreation center as soon as possible. Many valuable prizes are being offered.

Rotary-Kiwanis Program—The Escanaba Rotary and Kiwanis clubs will meet in joint meeting Monday noon at the Delta hotel to hear Dr. Samuel W. Hartwell, assistant director of the Department of Mental Health, Lansing.

Cars Collide—Cars driven by William Lantagne and Sigurd Nelson, both of Escanaba Rt. 1, collided at 9:30 p. m. Friday at the intersection of County Roads 412 and 521. Both cars were badly damaged but no one was injured, it was reported by officers of the sheriff's department who investigated the accident.

Odd Fellows Meeting—A regular meeting of Imperial lodge 460, I. O. O. F., will be held Monday at 8 p. m. All members having parts in the third degree are asked to be present. Officers desire a good attendance.

Maccabees—Delta Hive 329 L. O. T. M. will hold a regular meeting at 8 Monday evening at the home of Mrs. Herman Kamrath, 208 N. 16th street.

DR. HARRISON IS HEALTH DOCTOR

Will Head Merged Delta-Menominee District Starting July 1

Dr. William C. Harrison, 39, of Crystal Falls, has accepted the position of director of the Delta-Menominee district health department and will come here July 1 to assume his new position, it was announced yesterday by Dr. R. E. Pleune, assistant director in the Upper Peninsula for the state health department.

Announcement of Dr. Harrison's acceptance of the position followed a Friday night meeting of the health committees of Delta and Menominee counties held at Powers.

The committees are composed of three supervisors from each county. The Delta committee members are Supervisors Albert Buckman, Gladstone, Harold F. Gustafson of Escanaba. The Menominee committee members are Supervisors Albert Kipfer, Otto Eickmeyer and E. K. Converse.

The committee was informed by telegram that a second candidate for the position, Dr. Dale Sholz of Middletown, Conn., had accepted a position in Illinois and would not be available here. Dr. Harrison will receive a starting salary of \$6,500 a year as director of the two-county health unit, which will be merged when he comes here to take charge July 1.

Dr. Harrison is a graduate of Crystal Falls high school and of the University of Minnesota medical school. After practicing medicine in Minneapolis, he entered military service during the war and was discharged with the rank of lieutenant colonel. He is now attending the University of Minnesota school of public health, where he will soon receive his masters degree.

The Delta-Menominee health district will have its headquarters Monday morning at 10 o'clock at St. Ambrose church in Chicago.

Take Bids Soon On VA Hospital At Iron Mountain

Invitations for bids for the construction of foundations for the main building of the Veterans Administration hospital in Iron Mountain are expected to be issued about May 9 by the War Department Corps of Engineers at Milwaukee, it was announced yesterday.

The date and time of bid opening will be established at the time of the invitation for bids. About two and one-half weeks will be

allowed for the preparation for bids.

The bids will be taken for the construction of the foundations for the main hospital building and rough grading of certain roads at the hospital site. The project is located about one-quarter mile south of the court house in Iron Mountain on a site bounded by Cedar avenue on the west and H street on the north.

The contract will be awarded as a whole to one bidder for work that includes excavation and rough grading for the main building and adjacent roads; and the construction of reinforced concrete foundation walls for the entire main building, approximately 120 by 420 feet; the footing for columns and floor slabs in the basement and sub-basement.

More Lend-Lease?

THE contention of Undersecretary of State Dean Acheson that the United States made what he called solemn, binding contracts to deliver an additional \$25,000,000 worth of lend-lease supplies to Russia and other countries, even though lend-lease was terminated, reveals to what extent officers of the present administration have exceeded their authority in their dealings with foreign powers.

Neither the president nor the state department possessed the authority to make an iron-clad contract that extended beyond the congressional limits of lend-lease. The lend-lease act was designed specifically as a war measure, to provide American assistance to her Allies in promoting the war against the common enemy. It was not designed as a handout to foreign powers to extend for years after the termination of the war.

Even today the United States government is seeking to get Soviet Russia to make some kind of a settlement on lend-lease shipments made prior to the termination of the lend-lease act. Under the circumstances it is not reasonable that an additional \$25,000,000 in American goods be delivered to Russia and other lend-lease recipients, as a direct handout from the American people.

These nations are fully aware of the operation of the American political system and know that individuals within the government, even the president of the United States, are now empowered to assume authority that belongs solely to the American congress.

Improving Sanitation

SANITATION standards of Escanaba's food and drink establishments undoubtedly would improve under the terms of the ordinance now being considered by the Escanaba city council. Swab tests taken periodically from utensils collected at the various food and drink places in the area indicate the need for drastic reform. Some establishments have been doing a good job but many have been careless.

The proposed ordinance would permit the health department to grade individual establishments upon the basis of their sanitation facilities and sanitation practices. Most important, such grades would be publicly posted so that patrons would know the rating of the establishments that they patronize.

In general, the system should appeal to operators of food and drink establishments who strive for public approval. That has been the result in other communities where similar ordinances have been adopted.

The principle of periodic inspection of food and drink places, with appropriate grading and public posting of such grades, provides the only means by which patrons can accurately gauge the sanitation standards of such establishments.

As we are now approaching the summer tourist season, expected to be the busiest in many years, the importance of effective sanitation methods cannot be overemphasized.

Grass and Brush Fires

GRASS fires already have called out the fire department numerous times this spring, and brush fires have received the attention of the crews of the conservation department.

The grass fire usually appears to be harmless, but it is known to have gotten out of control, injuring children and burning trees and buildings. Farmers and others engaged in land clearing are also urged to be careful in the burning of brush and other debris. First of all, a permit must be obtained from the conservation department, so that towermen and other fire fighting forces will be better informed concerned what is going on in their field.

The fire hazard season is approaching. Michigan has had some serious forest fires in past years, most of them due to human carelessness. The state is now getting ready for a record-breaking tourist season. Vacationists, however, are quick to shy away from forest fire-infested areas. From the long-range view, it is also important that we prevent fires so that the woods may retain their attractive scenery and wildlife. It is impossible to develop a profitable recreational industry in a dismal, fire-scarred region.

Playground of the Wealthy

MONTE CARLO, says a correspondent, is coming back. Outside the famous Casino, the gambling hell filled with baccarat and roulette tables, more luxurious cars are parked daily than anywhere else in Europe. Out of them pour nightly enough men and women with ample funds to support the Principality of Monaco by their losses.

Belgians, Swedes, Swiss and Dutchmen are fairly plentiful in Monte Carlo. They are often seen behind the windcreens of latest model American luxury cars. Not many British are in evidence. They used to be the leading clients. But it is be-

ginning to become apparent that only one nation can pick up the abandoned role of leading suckers, and that nation is America. Americans have been very few at the Casino.

Monte Carlo, Cannes, Nice and all the other well-known French resorts that dot the beautiful Mediterranean coast, are depending on American trade this summer. If it doesn't materialize, the towns will simply have to convert themselves into amusement places for the 'laboring masses.'

The tourist invasion is the last hope of these gilded luxury spots. Already French post-war taxes of 60 per cent or so on hotel, night club and restaurant profits have forced to the wall several Nice and Cannes hotels. If the Americans fail to appear, French Communists have plans for taking over whole towns on the coast for the benefit of the French proletariat. They talk glibly of the greatest good for the greatest number, and they point to the former resorts of the rich on the Black Sea in Russia and Roumania, which have become the property of all the people, where the hot polloi has a collective good time each summer.

Possibly it's just as well that Monte Carlo and Nice, after years of highly restricted patronage, shall pass into the hands of the common man. The latter is at last getting an inning that has been long deferred.

Correcting A Technicality

Governor SIGLER has signed into law a bill which will allow municipalities operating on central standard time to adopt that time for the opening and closing of election polls.

For years cities using central time, instead of eastern time, which is the legal time for Michigan, operated their elections on central time. This year the attorney general ruled that the practice was illegal and that election polls must open and close on eastern time. For some reason the legislature didn't get around to correct this technicality until after the spring election, with the result that confusion resulted in many central standard time cities. Escanaba and Gladstone moved up their daylight savings schedule a full month to avoid the election confusion.

The action of the legislature and the governor's approval clarify the situation for future elections.

Other Editorial Comments

PATIENCE IS WEARING THIN

(Christian Science Monitor)
The strike in the telephone industry is quite different from those stoppages in coal and railroads during the past twelve months. It is different both in the degree of hardship it inflicts and in its background. But public patience is beginning to wear thin. Americans want to know why both sides rejected Secretary Schwellenbach's arbitration formula. Citizens whose telephone service has been cut demand action.

Some of the reasons the National Federation of Telephone Workers gives we can understand. The Federation could hardly accept arbitration for itself without assurance that all co-operating unions, including those observing State cooling-off periods, would have their interests represented. But insistence on a "down payment" in the form of a pre-arbitration wage rise sounds like just hard bargaining, with too little regard to the special responsibilities of public utility employees. The N. F. T. W. could have done much more to establish its good faith had it accepted Mr. Schwellenbach's plan "in principle," but subject to whatever reservations it deemed vital.

The industry's position we find equally unconvincing. The American Telephone and Telegraph Company in effect rejects the formula. It acts in other ways as though it controlled the industry—which it does. But in refusing nation-wide arbitration it seems to insist that for purposes of labor relations the industry exists only in independent local companies.

We would not call for Government seizure—not yet. But we would remind the striking unions that if they wish to insure a stern Federal labor code, and the telephone industry that if it wants public regulation of its labor relations as well as of its rates and services, they are both headed in just the right direction.

Take My Word For It . . .

Frank Colby

READERS WANT TO KNOW

Wantagh: Which is the correct form, "can not" or "cannot"?—F. O.

Answer: Both are correct. The compound form, "cannot" is preferred by the U. S. Government Printing Office Style Manual.

Marquette: Can you give me another short word to describe the pathological condition described as a "cold"?—L. A. S.

Answer: Sorry. No. The best that Dorland's Medical Dictionary can do is: "A catarrhal or other disorder of respiratory tract." However, there is a short word meaning "a cold in the head"—it's coryza, pronounced: kuh-RY-zuh.

Omaha: Please discuss the sound of "e" in the first syllable of such words as economy, economical, economics.—F. C.

Answer: The long "e" is the first choice of the dictionaries. Economics, for example, is preferred as EE-kuh-NOM-iks. The second choice, not so frequently heard, is: EK-uh-NOM-iks.

Q. Please set our Senior English Class right on the pronunciation of the word relaxation. Is the first syllable 'ree' or 'rell'?—D. S.

Answer: The Standard American pronunciation is: REE-lak-SAY-shun. Some dictionaries show as second choice "RELL-lak-SAY-shun." but it is quite obsolete.

Buffalo: Please explain the significance of the expression, "Donnybrook"—T. E.
Answer: It's short for "Donnybrook Fair," an annual fair once held at Donnybrook, Ireland. It was notorious for drunkenness and fighting. Hence, Donny-

World Events Analyzed

BY MARQUIS CHILDS

Washington—The other day, a delegation of the American Civil Liberties Union from New York called on Attorney-General Tom Clark to express their deep concern over the loyalty investigation which was initiated by executive order of President Truman.

Their fears are like those of many Americans who realize that a kind of gestapo could grow out of this attempt to root out disloyal employees of the government.

After the order was issued, President Truman is reported to have said: "Well, that should take the communist smear off the Democratic party."

It may have that effect. But it can cut two ways politically. If the loyalty search develops into a vast and costly witch-hunt, it can alienate independent and liberal voters, and it is on these voters that the President's chance for re-election depends.

—PROBLEM FOR CLARK—

Clark is acutely aware of the thorny problem that has been dropped into his lap. It is his responsibility to determine standards in that part of the program which has the most ominous possibilities of abuse by any future gestapo-minded administration.

In the section of the order defining standards, one of the recommended tests of disloyalty is: "Membership in, affiliation with or sympathetic association with any foreign or domestic organization, association, movement, group or combination of persons, designated by the Attorney General as totalitarian, fascist, communist or subversive, or as having adopted a policy of advocating or approving the commission of acts of force or violence to deny other persons their rights under the Constitution of the United States, or as seeking to alter the form of government of the United States by unconstitutional means."

Language as broad as that could be subject to almost any kind of interpretation. Following this precedent, a left-wing administration might in the future find the National Association of Manufacturers to be a subversive organization. Or an extreme reactionary in the White House might have his attorney-general rule that an association advocating world government was subversive.

Realizing these fearsome possibilities, Attorney-General Clark is seeking some way to assure the public that a fair test will be applied in determining which are totalitarian, fascist, communist or subversive organizations. One plan now under consideration is to name, on a wholly non-political basis, a committee of three or four men of distinguished reputation and careful judgment. They would be asked to check and to approve or disapprove the findings of the department of justice.

The list of disloyal organizations would then be given out. In that way anyone would know that his membership in one of these organizations would subject him to dismissal from the government.

—HOLMES OPINION RECALLED—

Clark is also aware that there are decisions of the supreme court which hold that mere membership in an organization is not enough to prove that the individual was subversive; it must be shown that he embraced the doctrine of the organization. There are also the late Justice Oliver Wendell Holmes' magnificent words in his dissenting opinion in the Rosika Schwimmer case:

"... If there is any principle of the constitution that more imperatively calls for attachment than any other, it is the principle of free thought—not free thought for those who agree with us but freedom for the thought that we hate."

The problem in the loyalty search will be to distinguish between freedom of thought and outright disloyalty. It will be an expensive search. The cost to the justice department is put at about \$12,000,000. The annual cost to the Civil Service Commission to screen new employees coming into the government and to insure the loyalty of those on the payroll may run as high as \$50,000,000. While officials are reluctant to guess at the number of employees to be fired, it is unlikely to exceed 2,000, or less than one-tenth of 1 per cent of the present 2,100,000 government workers.

The tragedy is, of course, that fear has driven us to such lengths. We in this country cannot, however, ignore what happened in Canada. There, through the revelations of a Soviet agent, it was discovered that government employees in responsible positions were handing out secret and confidential information. But to find that evidence of treason in the haystack of government is a painful and almost impossible undertaking. It is one, moreover, which jeopardizes the liberties that we prize.

Everything has its place. It won't be long until files will be keeping lots of people from sitting around doing nothing.

A poultry expert says hens should be amused. Read them the price we're paying for eggs!

"U. S. Lags in Dental Health"—headline. Maybe the dentists should all pull together.

brook Fair now means an orgy, any riotous affair, a free-for-all fight.

Oakdale: How is the word suggest pronounced?—M. T.

Answer: The prevailing American pronunciation is: sug-JEST. The pronunciation "suh-JEST" is heard, but it is approaching obsolescence.

A. D. B., of Los Angeles, sends a prime example of the Pied Tyler's handiwork. The clipping reads: "Fifty-foot wives pounded the coast of Hawaii today." Perhaps Kipling was right about the female of the species.

What This Pump Needs Is Priming

Good Morning!

By The Bugler

SIGNS OF SPRING—

We read the other day in the newspaper that agricultural authorities at Michigan State College are satisfied with the late arrival of warm weather this spring. They report

that is good for the wheat and fruit crops. If the wheat isn't well-covered with snow it freezes out, and if the fruit trees blossom early and a spring frost catches them the fruit crop will be light.

Although our season in the Upper Peninsula is even a little later than that downstate, the same applies here. The fruit crop will be saved, but the growing season is likely to be very short.

Jim Wells, county agent supervisor for Michigan State College in the Upper Peninsula, said the other day that at the Chatham agricultural experiment station the big tulip gardens are still under a covering of snow.

"Pretty soon they'll come right up through the snow," he said. "Lot's of people don't believe that until they see it," he added.

PERHAPS IN BLOOM—Most gardeners will believe Jim Wells, for they have seen the green fingers of the first tulip leaves poking their way through the snow and ice.

Persons who like to wander in the woods these early spring days are not surprised, of course to find arbutus budding and blooming within a few feet of a melting snow bank.

From Mrs. Ella B. Kieser of Ford River road comes a note reporting that the buds are big on the arbutus near her home, and that on a warm day recently she saw a yellow butterfly.

BIG AND LITTLE—Another sign of spring is the smelt spawning run, now in full swing in streams along Green Bay and Lake Michigan. The lateness of warm weather this spring delayed the run for a full 15 days or more behind the smelt spawning run of last year.

The smelt run appears to be controlled by several factors, of which not the least important is the temperature of the water at the mouths of the streams. When the water in the rivers is warm enough, the smelt then start upstream to spawn.

Fishermen and others are often surprised at the small size of many of the streams the smelt choose as spawning grounds. For instance there is Puffy Creek south of Garden on the Garden peninsula. The creek is no more than a step across—yet on Wednesday night 1,000 pounds of smelt were dipped there!

Incidentally, Puffy Creek empties into Puffy Bay—and Puffy Bay is so named because of the sudden puffs of wind sailors encounter there, according to John Mitchell, commodore of the Escanaba Yacht Club, and owner of the "Oslo."

SANDPAPER CLUB—The reference to yachtsmen brings to mind another manifestation of spring—the annual sandpapering and painting of sail and power pleasure craft that starts about this time every year. Because of the intensive and absorbed activity of yachtsmen in readying their boats for the season, land lubbers often refer to the yachtsmen as members of the "Sandpaper

INTO THE PAST

Ten Years Ago

Lansing—A driving rain that fell steadily all day today brought back fears of another flood here and at other points in Central Michigan.

Eighteen cases involving liquor law violations were heard at the Michigan state liquor control commission's branch offices in Escanaba yesterday by Commissioner V. G. Gormely, assisted by Charles Parrish, special state police investigator.

Lansing—Governor Murphy took a personal hand today in a move to bring about legislative action on civil service.

Because adverse weather conditions prevented its clearing from the local port yesterday, the department of conservation's patrol boat No. 1, commanded by Capt. Charles Allers, anchored at the merchant's dock last night.

Twenty Years Ago

Memphis, Tenn.—Eighteen men are believed to have been drowned today when the government launch Pelican was swamped in a crevasse which swept away the Mississippi levee at Knowlton, Ark., just above Laconia Circle.

The municipal park board will have five members instead of three as a result of an ordinance adopted by the city council last night and given immediate effect.

Marquette, Mich.—Congestion in the Marquette prison, the population of which has grown to 930 has reached the point where it is causing Warden James P. Congan and members of the prison commission much concern, it was admitted Thursday by the Warden and James J. Pascoe of Ishpeming, member of the commission.

Tokyo—Hopes for an amelioration in the financial crisis facing Japan are seen in the announcement that beginning tomorrow all banks will temporarily suspend payments for two days, according to the newspaper Asahi.

Club. A high polish to varnish and brass work, and a good paint job are, however, the marks of a good boatman.

This reminds us of Lee Wiles pride in his new power boat, which he is starting to put in shipshape condition for the coming summer. Lee was annoyed last winter when boys broke into his boat, took some equipment and caused considerable damage. Sheriff's officers assisted in recovering some of the equipment and arranging an agreement in which the boys are to pay for the damage they did, with the approval of the boys' parents.

There are no hard feelings so far as Wiles is concerned and we wouldn't be surprised if he had the boys out for a boat ride next summer. That would be another way to arouse youth to a more beneficial interest in boating.

MORE PREPARATION—Many gardeners are also preparing for the coming season. On the list of things to be done before planting time are: Spading, fertilizing, and just general clean-up of last year's leftovers. One of the town's most expert flower and vegetable growers is Wally Wilson of South 13th Street, whose backyard in summer looks as prosperous as the pages of a seed catalog.

The neighbors and others who see Wally's garden invariably want to know the secret of his success. They exclaim over the brilliant flowering of the roses covering the arbor, the hardiness of the tall blue spikes of delphinium. They want to know how he can grow so many flowers and vegetables in a not-very-big backyard. A young boy in the neighborhood revealed one of

The Washington Merry-Go-Round

BY DREW PEARSON

Washington — The Truman policy of loans to Greece and Turkey comes up for a final vote in the senate at 4 p. m. tomorrow. For the sake of a unified American foreign policy, the loans will be approved.

Simultaneously, however, Congress and the American people should know the background of the extremely difficult course on which we embark. Once President Truman and the state department are granted the \$400,000,000 it will be up to them to use it in such a way that the perennial problem of Greece does not keep on plaguing the peace of the world.

A study of the state papers of John Quincy Adams, Marquis De Lafayette, and James Madison shows that Greek history is now repeating itself all over again. Just 120 years ago, Greece also sought a loan from the United States, also was harassed over the question of retaining a monarchy, also was a pawn between Russia and Britain, also was the battleground for Russian-inspired revolutionaries.

The situation then was almost identical with that of today, even including the fact that Great Britain claimed she was hard up financially, and the fact that the American fleet was sent to the Mediterranean.

—LAFAYETTE'S APPEAL FOR GREEK LOAN—

One of the most interesting of the state papers paralleling the present crisis over Greece is General LaFayette's letter to Thomas Jefferson of June 1, 1822.

"The flag of America is cruising in the Mediterranean," LaFayette wrote, "where, by the bye, I suppose they should be rather friendly than hostile, may on occasion, as far as prudence permits, really serviceable to the friends of liberty in Italy. It seems to me that the Archipelago (Greece) should also be an object for a cruise."

"Inclosed you will find the last proclamation issued at Epidaurae (Greece) on the 1st January. The Grecian citizen who brought it to me enquired whether I thought a loan of a million dollars would be procured in the United States. My answer, after having consulted with Mr. Galatin (Secretary of the Treasury) was that I don't think it possible to succeed with government, but as to the second part of the question, whether a loan might be obtained from private capitalists, on conditions advantageous to them, I thought a trial should be made."

—CHARIST REVOLUTION—

Chief difference between 1821 and 1947 is the fact that Russia then was Charist, today is Communist. But the basic geographic fact which makes Greece important is just the same—namely the outlet to the Black Sea through the Dardanelles. Greece, sitting astride this gateway, was a pawn in Russian-British rivalry for control of the eastern Mediterranean.

Today Communist Russia is accused of stirring up world revolution. Then it was Czar Alexander of Russia. Describing this, and warning of danger to the United States, LaFayette wrote to Jefferson on Dec. 20, 1823:

"Emperor Alexander (of Russia) is now the chief of the European counter revolution; what he and his allies will do, either in concert, or in competition with England, to spoil the game of Greece, and to annoy the new republics of America, I do not know; but although the policy of the United States has been hitherto very prudent, it seems to me they cannot remain wholly indifferent to the destruction on American continent, of every right proclaimed in the immortal Declaration of Independence . . ."

Three years later, LaFayette was still worried over Russia's conspiracy to stir up revolution and Great Britain's inability to help Greece financially. On Feb. 25, 1826 he wrote Jefferson as follows:

"The aristocratical conspiracy of Russia was widely extended. It appears very difficult to keep their soldiery from an attack on the Ottomans in favor of their Greek co-religionaries. The British government amidst the alarms of their pecuniary crisis, now may lament not to have favoured Grecian independence, a better evil to them than Grecian dependence on the Russian empire."

"The best we can hope," LaFayette said in another letter to Jefferson, "is the erection of some Grecian republics where liberty and information may obtain a degree of security."

—GOOD-GUESSER VAUGHAN—

Colorado's GOP Senator Eugene Millikin gave Attorney General Tom Clark and General Harry Vaughan some gentle ribbing when he presented them with second prize for guessing the score of last year's opening baseball game. Clark won the year before. So Millikin, speaking at the annual baseball stag dinner last week, said:

"You're slipping, Tom. Seems to me you're spending too much time crowning cherry blossom queens. You'd better concentrate more on baseball and not spread yourself so thin."

Clark admitted that he was slipping, confessed that when he crowned Secretary of Agriculture Clinton Anderson's daughter as cherry queen, he got her crown on backward.

Turning to General Vaughan, who was a shrewd enough guesser to attach himself to Harry Truman some years ago, Senator Millikin opined:

"I have nothing but praise for this man, who did not even place last year. He has come up from obscurity to take his place as one of our best guessers. Let me congratulate you for your progress in the right direction."

A Michigan woman driver crashed through the front of a bakery. It was probably on the wrong side of the street.

It's alarming how many men owe their lives to the fact that most women shoot with their eyes shut.

Q&A Service

By WS Bureau

What do you want to know? We will answer questions on any subject not involving extended research. Legal or medical advice cannot be given. Write your question clearly, sign your name and address, and (important) Mail This Coupon and a 3-cent stamp, self-addressed envelope to Daily Press Service Bureau, 1217 Thirteenth St., Washington 5, D. C., for a personal reply. Don't telephone; write as directed.

Q. May the widow or children of a deceased veteran secure a guaranty of loan under the G. I. Bill?

A. No; such privilege is limited to veterans themselves, but a loan guaranteed for a veteran may continue after his death.

Q. What are the amounts authorized under the Mustering-Out Payment Act of 1944?

A. That Act provides for payment of \$100 to veterans with less than sixty days' active service; those with active service of sixty days or more and with no foreign service are entitled to \$200, payable in two monthly installments of \$100; and veterans with service of sixty days or more and who have had foreign service will receive \$300, payable in three equal monthly installments.

Q. Can you tell me the oldest European place name in America? A. Puerto San Nicolas (Port St. Nicholas) in present day Haiti. It was so named by Columbus on December 5, 1492 and it still bears the original name.

Q. Is there any inhabited place in the world which has colder temperatures than the North Pole?

A. Yes. Siberia has average temperatures of 90 degrees below zero compared with the North Pole's 60 degrees below zero.

Q. What is a kalpa?

A. In Hindu chronology it is a day and a night of Brahma, equaling 4 1/2 billions of solar-terrestrial years.

Q. Who was the only boxer to hold three titles simultaneously?

A. Henry Armstrong. He won the featherweight championship on October 29, 1937; the welterweight title, May 31, 1938; and the lightweight title on August 17, 1938.

Q. Do you have a recipe for ginger beer?

A. Boil 6 ounces of bruised ginger with 6 quarts of water for half an hour, then add 5 pounds of sugar, 1 cup lemon juice, 1/2 cup honey, and 16 quarts cold water and strain. When cold add one well beaten egg and 2 tsp. essence of lemon. Allow to stand for three or four days, then bottle.

Q. Did the Indians make the stone lewels of rare metals?

A. Yes. These were found in the graves of priests and kings of the prehistoric Indians of Colombia. Jewels made of platinum hammered over gold.

BULBS

A 24-page booklet on the selection, planting and cultivation of bulbs for spring, summer, autumn and winter; also DAHLIAS, a 4,000 word bulletin describing methods for successfully cultivating dahlias, now available. Wally's gardening secrets the other day.

Former Escanaban Directs Office Of Alien Property

Donald C. Cook, 38, son of Mrs. Nelson Cook, 517 South 11th street, is now director of the Office of Alien Property, successor to the Office of the Alien Property Custodian, which is responsible for \$288,000,000 worth of government-seized foreign property.

Cook, a graduate of the Escanaba high school and the University of Michigan law school, formerly was employed with the Securities and Exchange Commission in Washington. He has been in the national capital for several years.

An interesting article concerning the operations of the Office of Alien Property appeared in a recent issue of the Wall Street Journal.

As operator of several hundred enterprises, O.A.P. is turning over to the Treasury profits from the manufacture of hormones, cigars, hydrogen peroxide, dyestuffs, soap substitutes, fuel injection pumps and beer. It is garnering returns from restaurants in Massachusetts, gas stations in 19 states and a dairy in Hawaii. In addition, it licenses and collects royalties on the works on Debussy, Puccini and other great composers.

The O.A.P. will spend \$3.8 million this year, but it expects to realize this much in profits from the operation of one firm alone—the \$74 million General Aniline & Film Corp.

No Appropriations

Not a cent of the much disputed Federal budget for fiscal 1948 is earmarked for O.A.P. Instead, Congress "authorizes" the agency to spend a certain amount each year from the total sum held for its account in the U. S. Treasury. Since 1942, it has realized \$106 million in cash income and liquidation proceeds on property seized from enemy nationals.

Not all the 414 companies seized by O.A.P. are as well-heeled as General Aniline. Many have assets of only a few thousand dollars, but Mr. Cook affirms that no taxpayer's money is ever put into unprofitable enterprises; they are quickly liquidated. Only 82 profit-making ones are now under operation; 83 have been liquidated or sold and the remaining companies are in the process of liquidation. The assets of businesses controlled by O.A.P. total \$325 million, in which the Government's equity is \$137 million.

Employees of operating enterprises are not on the Government payroll, but are paid by the individual corporation. As majority stockholder, O.A.P. is supposed to see to it the elected directors and officers of the companies are competent men of business ability, loyal to the United States. Normal business operations are conducted by the company management, but O.A.P. passes on major financing or policy proposals.

Handling the affairs of these seized concerns provides some of this Capital's prize political jobs. Appointments to the top O.A.P. staff positions are made by the Attorney General without Senate confirmation. Management of the vested enterprises centers in the agency's "division of business management and control" where salaries of seized property overseers run up to \$10,000 per year.

Seized enterprises operating as going concerns are generally sold at auctions on a sealed bid basis to the highest bidder. The proceeds are deposited with the Treasury.

Some businessmen have complained that the Government, once in control of vested concerns, shows a noticeable reluctance to turn them back to private management. To this criticism, O.A.P. officials reply that Congress, when it passed the law set-

ting up the alien property agency, struck out a provision which would have permitted sale of any property on which litigation is pending or threatened.

Italian holdings can't be sold because they probably will be turned back to their previous owners under the terms of the peace treaty.

Italian firms now operated by O.A.P. include the Denobili Cigar Co., and G. Ricordi & Co., New York. The latter holds rights to many of the famous Italian operas.

Among firms running under O.A.P.'s guidance while litigation is either pending or expected are General Aniline, American Bosch Corp., Schering Corp., manufacturer of pharmaceuticals and hormones, Spur Distributing Co., Buffalo Electrical Co., and the Harvard Brewing Co.

O.A.P. holds at least a con-

trolling interest in each of these former German-owned companies. All were seized during World War II, but a few—including American Bosch—are now in their second term of seizure. After World War I, many firms were repurchased by Germans within a few years after the Government sold them to American interests. O.A.P. hopes this time to forestall reversion of strategic enterprises to former-enemy control.

The stock of General Aniline, a leading producer of dyestuffs, soap substitutes, film (Anso), sensitized paper, and photo developing machines, was held by I. G. Chemie, a Swiss corporation. The latter firm was allegedly controlled by or acting on behalf of I. G. Farben and other German interests.

In the fiscal year 1946, General Aniline made \$4.2 million. Dividends of more than \$4 million were paid to O.A.P. on its stock interests, including the total outstanding class B common and 90% of the class A. Public holders, all non-enemies, were paid \$300,000.

Richard Henderson In Mediterranean

Richard Henderson, radarman first class of the U. S. Navy, son of W. T. Henderson of 421 South Seventh street, is serving aboard the light cruiser USS Providence engaged in task force operations in the Mediterranean area.

While in the Mediterranean the Providence visited Gibraltar, Naples, Malta, Salerno and Genoa. During the last part of her cruise the ship will put into ports in Greece, Turkey, Lebanon, Syria and Egypt.

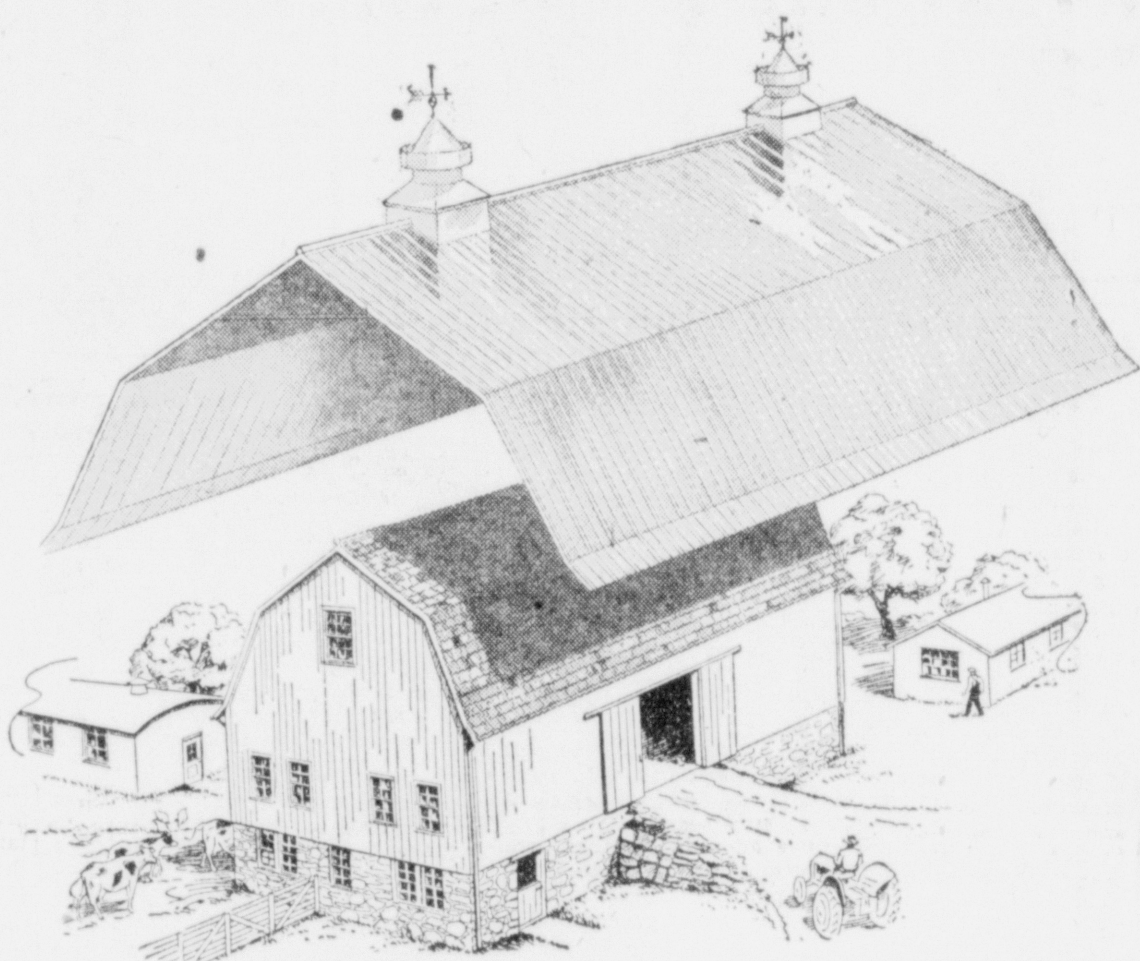

Mrs. Ira Drumm Dies In Illinois

Iron River.—Mrs. Ira Drumm, widow of a former North Western railway agent in Iron River, died recently at her home in Belvidere, Ill.

She came to Iron River many years ago as a young milliner to be employed by Mollie Pryne who preceded the present agent, Edward J. Brady.

Mr. Drumm died suddenly a year ago while on a visit at the home of his father in Green Bay.

STUDYING DIET OF CHINCHILLA

Some Fur Bearers Are Munching On Their Own Pelts

East Lansing, Mich., April 19—(AP)—Scientists at Michigan State College are seeking a cure for a rather expensive eating habit of Chinchillas, the small South American fur bearers which often cost as much as \$1,600 per breeding pair.

It seems the Chinchillas—and those raised in Michigan are no exception—consider their own fur a dainty tidbit—at a rather high price per bite.

Michigan's 100 or so Chinchilla breeders are not seriously concerned with this fur eating habit because of its immediate effects, for the industry is still in the stage where the animals are sold only for breeding purposes. The only pelts which reach the market are the results of casualties.

But the growers fear the fur eating habit may become a rather expensive one in six or eight years when the state's Chinchilla herds have become large enough to permit pelting of the animals for the fur market.

Lloyd B. Sholl, animal pathology specialist at MSC who has been assigned the research problem,

Martin Roman Dies After Long Illness

Martin Roman, 83, of 1615 North 16th street, Escanaba, died at 9:10 Saturday morning in St. Francis hospital after an illness of a year and a half.

Mr. Roman was born Oct. 25, 1863, on Germany. He came to this country in 1891 and has resided in this vicinity for the last 26 years. He was a stone and brick mason until his retirement about two years ago.

He is survived by the following

said it may be due to a diet deficiency. He is working on a diet aimed at attracting Chinchillas to less expensive desserts.

With pelts now valued at about \$80 apiece, one grower estimated the Chinchillas eat their own fur at the approximate price of a dollar per bite.

children: Mrs. William Rusha, Wells; William, Paul, John and Oliver, of Escanaba; Mrs. Rose Barber, Mrs. Charles Fish, both of Toledo, Ohio, and Mrs. Willard Juneau, Escanaba; 13 grandchildren and eight great grandchildren.

The body was taken to Boyce funeral home and will rest in state in the chapel, beginning at 1 p. m. Monday. Funeral services will be held in the chapel at 2 p. m. Tuesday. Burial will be made in the family lot in Lakeview cemetery.

To make research on diesel engines more accurate and efficient, University of Wisconsin mechanical engineers devised an electronic computer for "solving" the complex mathematical formulas used in learning temperatures of gases exploding in the engine cylinders.

PICK OFFICERS OF OLDER BOYS

U. P. Conference Ends; Hold Next Session In November

In closing sessions yesterday the Upper Peninsula Older Boys Conference elected officers at the first reorganization meeting since

the beginning of the late war, and decided to hold the next conference Nov. 7 and 8 in some centrally located U. P. community. The community will be selected later.

At the banquet meeting yesterday noon it was announced that the following officers had been elected:

Jack Sybold, Sault Ste. Marie, president; Bob Mortensen, Iron Mountain, secretary; and Dave Watson, Manistique, treasurer.

There are no retiring officers since this was the first Older Boys Conference held in six years. Wartime travel and other

adverse conditions made it necessary to discontinue the conference during the war years, according to Cliff Drury of Marquette, YMCA assistant secretary. The conference is sponsored by the YMCA and was attended by about 300 Senior high school boys from U. P. communities. Jim Degnan of Escanaba, student committee presiding chairman, conducted the business meeting.

Forty-one boys from Escanaba high school, and 15 from St. Joseph high school were delegates to the conference, and the following organizations were sponsors: Rotary, Kiwanis, Lions clubs;

P. E. O. Sisterhood, Escanaba Woman's club, and the Barr, Franklin, Webster and Washington school PTA units.

The Delta County Youth Guidance Council provided discussion leaders. They were Harold W. Gasman, George Grenholm, William Karas, the Rev. Glenn Kjellberg of Gladstone, Wallace Watt and Mel Nyquist.

Harry Brackett of Escanaba presided at yesterday's banquet program in the dining hall of St. Joseph church. The program included group singing led by Cliff Drury with Wallace Watt playing the accompaniment; sleight-of-

hand entertainment presented by Stanley Susan, Hulbert superintendent of schools; and the closing conference address by the Rev. Dale Turner, associate pastor of Park Congregational church, Grand Rapids. Invocation was delivered by the Rev. Father Alphonse of St. Joseph church.

The circle was thought by the ancients to be the most perfect geometric figure.

During 1946 close to \$40,000,000 of Oriental rugs were purchased by American home makers.

We're Trying to Handle EMERGENCY CALLS During the Telephone Strike ...

But we must have your co-operation

Before you attempt to place either a Local or Long Distance call, please stop and ask yourself—

IS IT AN EMERGENCY?

DOES THE CALL INVOLVE: FIRE? POLICE? SICKNESS? INJURY? DEATH? LOSS OF PROPERTY?

If it does, your call is an EMERGENCY call and you have reason to attempt to place it. And our limited forces will do their best to handle it.

If your call does NOT involve an emergency, please do NOT attempt to place it.

With only a few people available to man the switchboards during the strike, we must devote our efforts to EMERGENCY CALLS ONLY. It is necessary for us to answer all signals on the switchboards to determine which are emergency calls. So it is imperative that you limit your calls to EMERGENCY CALLS ONLY.

Even so, there still remains the risk that some emergency calls will go unhandled because we just do not have enough people.

Michigan Bell deeply regrets the need for this urgent appeal for your co-operation. We are still trying to settle the strike. Meanwhile, we are doing our best to handle emergency calls. Please help us ...

PLACE EMERGENCY CALLS ONLY

MICHIGAN BELL TELEPHONE COMPANY

Fr. Alphonse Coignard To Observe His Golden Jubilee On Wednesday

Rev. Fr. Alphonse C. Coignard, pastor of St. Joseph church, Perkins, and diocesan director of the Society for the Propagation of the Faith, will observe the golden jubilee of his ordination to the priesthood Wednesday, April 23. He was ordained by Archbishop Ryan of Philadelphia on Feb. 2, 1897.

Father Coignard will offer a solemn high mass in St. Joseph church at Perkins Wednesday morning, April 23, at 11 a. m. daylight savings time, in the presence of Bishop Joseph Wagner of Marquette. The Rev. Charles Szygula, chaplain of St. Francis hospital, Escanaba, will act as deacon and the Rev. Matt Laviolette, pastor of All Saints church, Gladstone, will be subdeacon. The jubilee sermon will be preached by the Rt. Rev. Msgr. Joseph L. Zyrt, J. C. D., D. D. vicar general of the diocese.

Educated in France
Fr. Coignard was the oldest of eight children born to Vital Coignard and Jeanne Bulanger in the province of Normandy, France. Fr. Coignard was born in the county seat of St. Hilaire du Harcourt August 2, 1874. He attended Christian Brothers school at the age of three and when he was 10, he went to the College of Mortain where he remained for six years to complete his classical studies. Two years of philosophy study followed at Rennes, Brittany and Paris. After four years of theology study in Paris, he sought admission into the Holy Ghost Fathers congregation and was sent to Ferndale, a novitiate of the congregation, near Philadelphia, in September, 1896. By special dispensation from the pope, Fr. Coignard, then only 22½ years of age, was ordained in Philadelphia on Feb. 2, 1897.

Two years after his ordination, he was sent to Chippewa Falls, Wisconsin where he served the Flambeau Indian mission attached to that city. Eighteen months later Fr. Coignard was transferred to St. Joseph's church, Bay City, to take charge of the school in that parish and to build a new church. He remained in Bay City for 16½ years, during which time he constructed a new, modern church and wiped out the parish debt.

Because of illness, Fr. Coignard was transferred to the Upper Peninsula in 1916 at the behest of his physician. He was assigned to Perkins and has remained there continuously for the past 31 years.

When Fr. Coignard arrived in

pointed diocesan director of the Society for the Propagation of the Faith and has guided that program in the diocese continuously since.

Two Processions
The clergy of the diocese, as a token of their esteem, have contributed to a purse which will be given Father Coignard for the education of a missionary vocation.

Two processions will be conducted into St. Joseph's church for the jubilee mass. In the first, the Holy Name men of the parish will lead Fr. Coignard and the deacon and subdeacon; the second will consist of the clergy of the diocese, followed by Bishop Wagner, his deacon of honor, Fr. Sebastian Maier; and sub-deacon of honor, Fr. Martin Melican. The Rev. Alphonse Wilberding, O. F. M., will be the assistant priest.

The officers of the mass will be assisted in the sanctuary by the seminarians and altar boys of the parish. The seminarians are Gilbert Neuhr and Matthias Jodicy and the altar boys are Fred Neuhr, George Neuhr, Keith Carlson, Napoleon Sharkey, John

Larson, Lionel LeClaire, Joseph Peterson, Kenneth Depuydt, John Gibbs, Alphonse Gaudette, Matthias Gaudette and James Truckey.

The choir, under the direction of Mrs. William B. Moreau, organist, has prepared the following program:

Jubilant's Processional, "Jubilant's Processional," by Flynn.

Bishop's Processional, "Ecce Sacerdos Magnus," by Stadler.

Proper of the Mass of St. Joseph, Gregorian Chant.

Ordinary of the Mass: Mass of the Angels, Gregorian Chant.

Offertory, "Adoremus In Aeternum," Mozart.

Benediction, "Esca Viatorum," "Regina Coeli," "Tantum Ergo," by Hamemrel.

Recessional, "Holy God We Praise Thy Name."

Choir members are: Mrs. Gir-

ard Depuydt, Miss Theresa Peterson, Miss Judy Geraw, Miss Sylvia Geraw, sopranos; Miss Della Sharkey and Miss Patricia Peterson are the altos.

Banquet Program
A banquet for the members of the clergy present and the Holy Name men will be served in the parish hall under the direction of Mrs. Fred Neuhr by the Ladies of the St. Ann Society of Perkins, St. Nicholas and Brampton, and the Ladies Guild of Sacred Heart church, Rock.

On the program, for which the Very Rev. George Laforest, Houghton, is toastmaster, will be talks by Gilbert Neuhr, Mr. Elmer Dugas, Father Sebastian Maier, Very Rev. Joseph E. Guertin, Bishop Wagner and the Rev. jubilarian.

Nazi Steel Trust Bosses On Trial As War Criminals

Nuernberg, April 19 (AP)—Friedrich Flick and five other executives of Nazi Germany's biggest steel trust were accused as the merciless enslavers of millions of Europeans at the opening today of the first trial in history of industrialists as war criminals.

"They shamelessly dishonored the image of mankind," Brig. Gen. Telford Taylor, the chief prosecutor, told the American tribunal before which all six pleaded innocent.

"They greedily plundered the resources of neighboring countries overrun by the Wehrmacht. They supported, joined in and profited by the foulest and most murderous policies and programs of the Third Reich."

In addition to Flick, the defendants were Otto Steinbrink, Konrad Kaletsch, Bernhard Weiss, Hermann Terberger and Otto Burkhardt. Their trial, based on the contention that as industrialists they shared equal blame with militarists and political leaders for German war crimes, is a forerunner of similar prosecutions of executives of I. G. Farben and the Krupp Trust.

The courtroom was crowded with spectators, among them Gen. Lucius D. Clay, American military governor of Germany.

DANGER SEEN OF INFLATION BY PRESIDENT

(Continued from Page One)

Reece, later, businessmen will be heard.

3. Carroll Reece, Republican national chairman, made public a letter to GOP office-holders and party leaders saying that Mr. Truman's Jefferson day statement that he would support tax reduction "at a proper time" was "baldly political." Reece challenged the president to veto the proposed tax cut if he and the Democrats want to assume "the responsibility for delaying tax relief."

The president's statement was the first official estimate of the budget situation since his message to Congress last January estimated a deficit for this fiscal year of \$2,300,000,000.

Revenues Gain

What he called the "sharp improvement" resulted, he said, from holding expenditures below earlier expectations, even to the point of offsetting increases in "refunds, terminal leave payments and international payments" which exceeded earlier estimates.

"It is now estimated that expenditures will amount to about \$41,250,000,000 in the fiscal year, or \$1,250,000,000 lower than the estimate last January," the president said.

The president expressed regret that price increases had contributed to the improved budgetary situation, sending revenues ahead of earlier estimates by \$2,300,000,000. "This has been due," he said, "to the extraordinary high levels of

economic activity that have been achieved—and also, I regret to say, to the sharp increase in prices that has taken place since the removal of controls. This has inflated the entire economic structure and currently is resulting in very sharply increased corporate profits."

Mr. Truman's 500-word statement said he had carried out his resolve to balance the budget and provide for the reduction of the public debt.

Reece, in recalling Mr. Truman's promise to support tax reduction "at a proper time," wrote: "He may have in mind the possible political advantages to himself and to other Democratic candidates through forestalling the tax cut this year and then coming forward with a proposal for such a reduction on the eve of the 1948 election."

Mentioning that the Republicans may lack the strength to override a veto, the national chairman added:

"The net result of such procedure, if successful, would be to delay for one year or more the benefits which could properly be granted to the taxpayers this year. * * * But if it should succeed every taxpayer in the nation would realize that the responsibility for delaying tax relief would rest upon Mr. Truman and his fellow Democrats in Congress."

ESTIMATES COMPARED

Washington, April 19 (AP)—Here is how President Truman's revised estimates tonight on the government's financial position for this fiscal year ending June 30 compare with his previous estimates.

Message to Congress in January, 1946:

Receipts—\$31,500,000,000.
Expenditures—\$35,800,000,000.
Deficit—\$4,300,000,000.

Message to Congress in January, 1947:

Receipts—\$40,200,000,000.
Expenditures—\$42,500,000,000.
Deficit—\$2,300,000,000.

Statement tonight:

Receipts—\$42,500,000,000.
Expenditures—\$41,250,000,000.
Surplus—\$1,250,000,000.

Northern lights may take the form of quivering needle-like streamers extending from an arch of soft light, or of curtains of light which wave as if stirred by gentle wind.

Fayette

Fayette, Mich.—Mr. and Mrs. Axel Rasmussen were visitors in Green Bay and Seymour, Wis., Friday on business.

Mr. and Mrs. Josiah Polkinghorne and Mr. and Mrs. Clayton Polkinghorne and baby of Detroit were week end guests of their daughter and sister, Mrs. Herbert Watchorn.

Mrs. John Lang went to Flint Sunday to be with her sister, Mrs. William Watchorn, who is ill in a hospital there.

Mr. and Mrs. William Smith accompanied Mr. and Mrs. Jack LaSalle to Marinette Tuesday.

Mr. and Mrs. B. I. Mohandara left yesterday from Escanaba for Milwaukee where they will visit three days. While there Mr. Mohandara will present two of his inventions before the sports show to be held there this week end.

Economy-Minded Senators Suggest Army Pay Slashes

BY EDWIN B. HAAKINSON

Washington, April 19 (AP)—Thousands of regular and temporary Army officers face a checkup by economy-minded senators who doubt that speedy wartime promotions are being cut back to a peacetime basis.

A war department request for nearly \$500,000,000 "for pay of the Army" between now and July 1 stirred up protests at a closed session of the Senate appropriations committee.

Senator Dworshak (R-Idaho) told a reporter today he believes that "millions of dollars" can be saved if the war department cooperates in reducing the temporary wartime ranks.

Dworshak said that thousands of civilian workers who earned "big pay in shipyards and aircraft factories have returned to a peacetime salary scale" and Congress expects all government agencies, including the armed forces, to help in slicing government costs.

The House previously voted \$465,000,000 for the Army pay deficiency and a Senate subcommittee upped this nearly \$25,000,000 bringing critical questions from Dworshak and others.

Vandenberg Against Shipments To Reds; Old Debts Unpaid

BY JACK BELL

Washington, April 19 (AP)—Senator Vandenberg (R-Mich.) split with the state department today on its proposal to go through with contracts to ship \$17,000,000 in war-ordered goods to Russia. Vandenberg suggested waiting until the Soviets settle their \$11,000,000,000 lend-lease contract "satisfactorily."

Vandenberg, chairman of the Senate Foreign Relations Committee and a chief Senate exponent of the bipartisan foreign policy, told a reporter:

"I would make no further shipments under this supplemental lend-lease agreement unless and until the Soviet Union satisfactorily cures its long default in negotiating a general lend-lease settlement."

"Indeed, I would have stopped all supplemental shipments when the Soviet Union ignored the first of our requests for a general settlement. But in the event of such a settlement, I would be ready to scrupulously keep our word."

Boarder Is Killed With Baseball Bat By Pontiac Woman

Pontiac, Mich., April 19 (AP)—Fred Conley, 61, died in Pontiac General hospital late today of head injuries which police said were inflicted by a baseball bat.

Arrested in connection with the assault was Mrs. Alta V. Leggett, 46, who was returned to the Pontiac state hospital where she had formerly been a patient.

Officers said the beating occurred early this morning at the Leggett home where Conley had been a boarder. Conley and the woman's husband, Bruce, were both employed at a Pontiac branch of the Detroit Creamery.

Mrs. Leggett was released from the hospital Tuesday, following a month's voluntary treatment, by order of Probate Judge Arthur Moore, at the request of the husband.

Dr. Percival V. Wagley, described the woman as "suffering from a mental illness though she is not insane."

Cost Of New Homes Discourages Buyers, Expediter Believes

Washington, April 19 (AP)—Housing Expediter Frank Creedon said today that the cost of new homes is too high and must come down to "bring more people back into the market for them."

The National Association of Home Builders replied that government controls and increasing wages are to blame for the high price of a home. It argued that housing has not gone up as much as other essentials such as food and clothing and that "today's homes are good values."

Officials said Creedon's call for lower housing prices had the approval of President Truman. Creedon and the president conferred yesterday before it was issued.

Spartan Nine Opens With 9-0 Titan Win

East Lansing, Mich., April 19 (AP)—Four-hit pitching by Don Harris and Robin Roberts gave the Michigan State College baseball team a 9-0 shutout victory over the University of Detroit in the Spartan home opener today.

The Spartans blasted three Detroit hurlers for an even dozen hits, including six extra base knocks. Starter Tom Sporer of the Titans, who gave up six hits and four runs before leaving the game in the fourth inning, was the loser. Harris took credit for the victory although yielding all four Titan hits in the seven innings he tolled. Roberts retired the side in order in the last two frames.

could not be reached for comment.

Large Gifts Received

Newspaper calls were not considered emergency except under certain conditions, Kennedy quoted Mrs. Whalley as saying. But Mrs. Sepic said such calls would be handled "from the field workers to their papers."

The U. S. Coast Guard's investigation into the cause of the disaster may be moved from the federal court to the bedside of the injured survivors of the French steamer Grandchamp.

Rear Admiral Goron T. Finlay of New Orleans, senior member of the Coast Guard, said arrangements were being made to hear the five of seven survivors in St. Mary's hospital.

How many more dead will be recovered from the ruined industrial area is a guess. Police Chief W. L. Ladish of Texas City said "at least 200 more bodies" were still in the ruins. This, added to the known dead as estimated by Wade, would place the total at 577.

The Red Cross had taken over a small hotel in downtown Texas City for headquarters. The Salvation army is operating all over town with feeding stations.

Rebuilding has not started, but William C. Barnard, Associated Press reporter at the scene, said a tour of the city showed scores of buildings and contractors jostling down figures, taking to home and store owners, and apparently making estimates on costs.

Texans opened their hearts to the scores, the tens of thousands of dollars have been raised. Large gifts have been numerous, such as the \$50,000 from Pan-American and \$25,000 from Anheuser-Busch.

At Houston, plans were made to raise funds to erect a memorial chapel. The Missouri Synod, Lutheran church, said it was behind that campaign.

At Austin, Gov. Beauford H. Jester said he would conduct a brief radio memorial service for victims at 6:30 p. m. (CST) tonight.

Clippers Fly 161 Girls To Havana On Baseball Tour

Miami, Fla., April 19 (AP)—The All-American Girls baseball league—161 members strong—were scheduled to leave here Monday evening by (Pan American) Clipper for Havana, Cuba, for spring training and a series of exhibition games.

The league, composed of eight clubs, is owned and operated by civic and industrial organizations on a non-profit basis. Members are from Racine and Kenosha, Wis., Rockford and Peoria, Ill., Fort Wayne and South Bend, Ind., Grand Rapids and Muskegon, Mich.

The teams, which will play exhibition games in Havana from April 27 through May 3, will tour Florida and other southern states in an exhibition series when they leave Cuba.

The flight to Havana will be made in eight clippers.

PHALANX DERBY FAVORITE

New York, April 19 (AP)—Heavy Eddie Arcaro and Stretch-Flying Phalanx, a combination that goes together like ham and eggs, moved up front and center today as the East's Sunday punch in this year's Kentucky derby. The Newport (Ky.) Italian and the Virginia - born distance galloper proved it today by sizzling home in one of the two sections of the derby's fanciest preview, the Wood Memorial, in 1:43 4/5 at Jamaica.

MRS. M. HELMER DIES SATURDAY

Heart Attack Fatal
While Enroute To
Hospital

Munising—Mrs. Mary R. Helmer, 75, of East Munising, died at 3:30 a. m. Saturday of a heart attack while enroute to the Munising hospital. She had been ill for several years.

Mrs. Helmer was born February 27, 1872 in Canada. Before coming to Munising, she had resided in Marquette.

She is survived by one daughter, Mrs. Russell St. Onge, Marquette; three sons, Albert Carpenter, Eau Claire, Wis.; Archie Carpenter, Munising, and Wallace Carpenter, Detroit. One sister, Mrs. Leo Hamlin of Detroit also survives her.

The body was taken to the Beaulieu funeral home where it will remain until the time of the funeral. Arrangements are incomplete.

Munising Club Meets Tuesday

Munising—A demonstration of "Lighting Techniques in Photography" will be given by Miss Mary Jane Shampine at the meeting of the Munising club next Tuesday.

Members who would like to participate in the demonstration should bring their camera portrait attachments with them to the meeting. William Niles, club president, said.

Miss Bertha Pieppo is chairman of the lunch committee.

Stiff Penalty Due Violators Gaught Spearing 'Rainbows'

Munising—Prosecuting Attorney R. E. O'Brien yesterday warned all persons that the practice of spearing rainbow trout is illegal and that violators caught spearing would be dealt with to the full extent of the law.

In years past, the prosecutor said, numerous violators have been rounded up during the pre-fishing season charged with illegal spearing of rainbows.

Law enforcement officers will be on the lookout for such offenders this year, he said, and "no leniency will be given those persons caught."

The trout fishing season opens Saturday, April 26 this year.

Bidwill, Chicago Sportsman, Dies

Chicago, April 19 (AP)—Charles W. Bidwill, 51-year-old millionaire sportsman, died of pneumonia today in the midst of efforts to fulfill a crowning ambition—building his bedraggled Chicago Cardinals into a National football league champion.

The free - spending Bidwill, owning a sports realm that also extended to two Chicago race tracks and four Florida dog tracks, died under an oxygen tent four days after being stricken.

Army Plane Crash Kills All 5 Aboard

Albuquerque, N. M., April 19 (AP)—All five Army men aboard were killed early today in a crash of a C-45 Army transport plane near the Rattlesnake Mountains northeast of Walsenburg in Southern Colorado, the Kirtland Field public relations office reported.

The plane was en route from Kirtland Field here to Denver and encountered snow and rain. Names of those killed were withheld pending notice to kin.

Maple Leaf's Take World Hockey Title

Toronto, April 19 (AP)—The Toronto Maple Leafs won the Stanley Cup, emblematic of the world hockey championship, by nosing out the defending world champion Montreal Canadiens, 2 to 1, before 14,546 partisan fans here tonight.

SPARTAN NETTERS WIN

East Lansing, Mich., April 19 (AP)—Michigan State college capped its fifth tennis victory in six starts today by turning back the University of Chicago netters, 8-1. The Spartans swept all three doubles and five of the six singles matches. Barry Heischwald, Chicago number 6 man, turned in the Maroons' only victory when he defeated State's Tom Martin in straight sets, 6-2, 6-3.

Rapid River

Birthday Party

Mrs. Arlene Forrest was pleasantly surprised on Monday night April 15 when a group of friends arrived on the anniversary of her birthday. They brought with them a large, beautiful birthday cake and a lovely gift. The evening was spent in playing cards. Mrs. Linda Forrest won first prize, Mrs. Levi Forrest second and Mrs. Todd Ewald the traveling prize. Those present were Mrs. Bessie Winde, Mrs. Edna Young, Mrs. Rose Mercure, Mrs. Eva Pfeifer and Mrs. Levi Barbeau. From out of town were Mrs. Andrew Barbeau of Ensign and Mrs. Todd Ewald of Munising.

Frances Draz, Walter Gray Wed Here Saturday

Munising—Miss Frances Draz, daughter of Mrs. Peter Wilson, Munising, became the bride of Walter Gray, son of Mr. and Mrs. Woodward K. Gray, Bessemer, at a ceremony conducted by Rev. Father Gerald Harrington, Saturday morning at 9 a. m. in the parsonage of the Sacred Heart church.

Attending the couple were Miss Josephine Kraus, Munising, and Robert Anderson. Following the ceremony a wedding breakfast for 20 guests was held at the Bellevue hotel, Munising.

The groom is employed by the Lake Superior Lighting company and is now working in Munising.

Out-of-town guests at the wedding were Mrs. Woodward Gray, Bessemer; Mrs. Julia Brant, Powers, Mich.; and Mrs. Barney Draz, Nadeau, Mich.

Miss Beuparland Bride Of C. Odgen In Ceremony Here

Munising—The Sacred Heart church was the scene of a wedding yesterday morning at 8 which united in marriage Miss Dorothy C. Beuparland, daughter of Mrs. Anna Beuparland, Island View, Munising, and Clarence Odgen, son of Mrs. Gertrude Odgen, Williamson, Mich. The couple exchanged vows before the Rev. Fr. Mark.

For her wedding the bride chose a gown of white satin veiled with marquisette. She wore a finger tip veil and a Jolet cap studded with orange blossoms. The bridal bouquet was of red roses and white carnations. Miss Rosemary Morrison, sister of the bride, was maid of honor. She wore a floor length yellow gown and carried a bouquet of sweet peas and white carnations.

Miss Anna Marie Odgen, sister to the groom, was bridesmaid. Her gown was a mellow, floor length creation.

The groom's attendants were Paul Beuparland, and Jerome Beuparland, brothers of the bride.

At the wedding the bride's mother wore an aqua dress with black and white accessories with a corsage of gladioli and the groom's mother wore a black dress with black and white accessories and a corsage of gladioli.

A wedding dinner was served for the immediate families at the home of the bride's parents.

The bride is a graduate of Mather high school, Munising and the groom graduated from Williamson high school, Williamson, Mich. They are both employed at the Atlas Plywood Company, Munising.

The couple will make their home in Munising.

Out-of-town guests at the wedding were Mrs. Gertrude Odgen and daughter Anna Marie, of Williamson, Mich.; Sunny Williams, also of Williamson; Mrs. Floyd McCullough, Royal Oak, Mich.; Mrs. Joseph Zish and daughter, Agnes; Irvin Smith and daughter, Paulette, all of Marquette; Mrs. Ed. Montalm, Newberry; and Orville Morrison, East Lansing.

Legion To Hold Mass Initiation This Afternoon

Munising—A formal initiation program will be held at the Rod-e-ric Prato Post of the American Legion at 2 p. m. today in the Legion club to accept over 100 World War veterans as members of the local post. The ceremony will be the climax of a membership drive which has been conducted by the club for several months.

Among the prominent guests expected to be present are Jerry Poupori, Spalding, Upper 11th district committeeman; John P. Collins, Negaunee, state department vice-commander; and George Beaudoin, Escanaba, adjutant of the Upper Peninsula Association of Legion Posts. Entertainment and refreshments will be offered following the initiation rites.

MUNISING BRIEFS

The Misses Nancy Cromell, Pat Steinhoff and Therese Chalmr motored to Manistiquie Friday evening to visit.

Mrs. Lydia Joncas and son, Clarence, returned to Munising Friday evening after spending a two-week vacation visiting friends and relatives in South Milwaukee and Escanaba.

Navy Department Cites One Of The Best War Stories

According to the Navy department in Washington, D. C., one of the best stories of the war and most illustrative of why we won the war is told by Capt. Samuel Eliot Morrison in "Operations in North African Waters," the first volume to be issued of his comprehensive history of U. S. Naval Operations in World War II.

The story is here reprinted: In the battle of Casablanca the USS Wilkes (DD 441) was screening the Brooklyn and the Augusta in their fight with the French cruiser Primague and a group of French destroyers.

The officer at the engine room telephone of the Wilkes heard loud reports and there was a call for more speed.

"What's going on up there?" he inquired. "Enemy cruiser chasing us," was the reply.

Before long he was almost thrown off his feet by a sudden change of course and even more speed was called for.

"What's going on now?" he asked. "We're chasing the cruiser."

Escanaba Drivers Receive Tickets At Iron Mountain

Iron Mountain — Three tickets were issued by Trooper Francis Treado and Richard Howard, of the state police, to the drivers of an automobile and tractor-trailer, the latter owned by the Clairmont Transfer company, of Escanaba, involved in an accident on highway US-2 near Waucedah.

Bennett E. McCauley 321 South Nineteenth street, Escanaba, owner and operator of the car which rammed the rear of the parked trailer, was issued a ticket for driving at an excessive rate of speed, and John F. Hossele, 1315 Sheridan road, Escanaba, was given two tickets—for driving on an expired chauffeur's license and improper parking of a trailer on the traveled portion of a highway.

Damage to the car, the front end of which was caved in, was estimated by the troopers at about \$250. The trailer was not damaged.

Switches Trucks

The officers were told that Hossele, driving for the Transfer company, was en route from Escanaba to Iron Mountain with a loaded trailer. As he was proceeding west, he met another driver for the Clairmont company, who was on his way back to Escanaba with a truck and empty trailer. The second driver having a larger truck than the one he was using, Hossele, as had been prearranged, prepared to switch trucks.

He uncoupled his truck from the loaded trailer, which he left in the right lane of traffic, and was in the act of switching trucks when the car driven by McCauley approached, also going west.

McCauley told the officers that he attempted to encircle the parked trailer but stopped when he saw a car approaching from the opposite direction. The car he was driving then rammed the rear of the parked trailer.

Neither driver was injured.

Fast Time Vote At Menominee

Menominee, Mich.—Menominee city council will meet Monday night and will be confronted with a controversial issue as a year's starter for the new council. The issue will be daylight saving time for Menominee during the summer months and promises to see council sharply divided in sentiment.

Daylight saving was submitted to the voters on a countywide basis in the primary election on Feb. 17 and while carrying by about 2 to 1 in the city, the issue was rejected in the county precincts so that it lost by a margin of 16 votes in the county as a whole.

Tahquamenon Falls Toll Road Proposed

Sault Ste. Marie—Steps to inaugurate a toll-road system in Chippewa county as a possible means of opening scenic areas and as an experiment to finance needed highways were taken Thursday by the Chippewa county Board of Supervisors.

Study of a proposed Hubert-Tahquamenon Falls highway as a toll road is being made by the board's legislative committee. Supervisor Jacob Mudge and Prosecutor F. Ray Gillespie.

Mudge had asked that such a road be constructed. He said about seven miles of a road already started remains, and the right-of-way runs along the Chippewa-Luce county line through timberland owned by the Northwestern Plywood Corp. He said the plywood company is agreeable to the road being built and the cost would be small.

Idea of a toll road as an experiment was supported by a number of supervisors including Leo J. Donnelly, who said such a system throughout the county to various scenic spots might provide funds for highway construction. It was suggested the tolls be lifted as soon as the highways are paid for. Gillespie told the supervisors toll roads were eliminated under the Public Acts of 1939, and that special acts of the legislature are required to re-establish tolls. This was the case, he said, in the establishment of the county-owned ferry system.

Miners Disfavor Underground Lunch

Iron River—Dislike of Davidson mine production workers for eating lunch underground will be aired at a meeting with Pickands, Mather & Co. officials here this afternoon.

The Davidson CIO-United Steelworkers union local composed of former employees of the Pittsburgh Coke & Iron Co. met Sunday and agreed they prefer coming up to surface for their lunch period. When the Pickands firm took over operation of the Davidson mines Jan. 1, the men who had been accustomed under former operators to come up for lunch were provided with a lunch room underground and required to remain there. Union miners in other P-M properties of the district dine in underground rooms without objection.

EAGLES READY FOR BUSY MAY

Varied Events Booked
For Escanaba Aerie
During Month

Escanaba Eagles are preparing for a busy month of activities in May.

Friday, May 2, Escanaba Aerie No. 1088 will be host to Timothy R. Temple, past president of the Michigan state aerie and member of Traverse City Aerie No. 333. He will speak on how the Fraternal Order of Eagles gained in membership to its present total of over one million.

Tuesday, May 6, a regular meeting will be held and balloting on new members and election of new officers.

Saturday, May 10, the lodge will begin holding Saturday evening dances and the first dance will commemorate Mother's Day which is a day the Fraternal Order of Eagles has created.

Tuesday, May 13, a regular meeting will be held, with initiation of new members. A drive for new members has been extensive during the past 30 days, for the reason the Escanaba Aerie is trying to surpass its record of last year. This being the last month of the fiscal year and having initiated 142 members during the past 11 months, it is necessary to have 40 new members in this class, in order to surpass the last year's record. The special inducement for this contest is a gold emblem ring which will be given to the member who brings in the most applications for this initiation meeting.

May 28 is the anniversary of Escanaba Aerie 1088, founded 42 years ago. Saturday, May 31, a Memorial Day ball will be held at the club rooms.

Monday, May 5, the secretary will be in his office in the club-rooms to clip the coupons from Eagles bonds and urges all bondholders to bring their bonds to his office.

Some Australian cockroaches bite off each other's wings.

Crystal Falls Man Accidentally Killed

Crystal Falls—Charles Phillips, age about 35, son of the late Nick Phillips, of Crystal Falls township, was almost instantly killed at 3 Thursday afternoon when a Dodge pickup truck which he was driving left the road and plunged into a ravine about a quarter of a mile north of the Paint river bridge.

His companion, William Julsen, of Balsam, riding with Phillips in the cab of the truck, was thrown out, landing in the brush at the side of the road. He escaped with cuts and bruises. Nick Eckola, of Crystal Falls, riding in the back of the truck, was also tossed out, as the truck hit the ravine, but was uninjured.

Menominee Folks Safe In Texas City

Menominee, Mich.—Mr. and Mrs. Gordon Bunker and children and Bunker's sister, Mrs. Edward Depratte and her two children, who reside in explosion and fire-wrecked Texas City, Tex., are safe according to a telegraph message relayed to relatives here from Mrs. Fred Hickman of Battle Creek, mother of Bunker and Mrs. Depratte.

The message added that Edward Bunker, their father, and Gerald Bunker, a brother, whose wife, the former Miss Norma Gilbert of Menominee is here were still unaccounted for.

Mrs. Gordon Bunker is a sister of Mrs. Elmer Hansch, Mrs. Leslie Post, Mrs. Gordon Shomer and Francis Fronsee of this city.

Personal News

Mrs. William Burnell, 1309 11th avenue south, is leaving this morning for Philadelphia, for an extended visit with her son and daughter-in-law, Mr. and Mrs. Willard Burnell.

Willard Scheiderer, 704 Ludington street, left yesterday for Milwaukee where he will attend to business and visit his home. Currently Mr. Scheiderer is making plans for opening a pattern and engineering works here.

Mrs. Carl Sylvester of Wells left yesterday morning for Chicago where she will visit her sister, Mrs. Ernest R. Johnson, for 10 days.

Miss Dorothy Wilson of 418 Ludington street left yesterday for Port Washington, Wis., where she will spend the week end visiting friends.

Miss Grace McDermott of 524 South Seventh street, left yesterday for Milwaukee where she will visit friends several days.

Miss Terry Peltier, 1515 Third avenue north, left yesterday to spend the week end with friends in Milwaukee.

Gayhart Carlson of 1306 Second avenue north spent yesterday in Marinette where he received medical treatment for an injured hand.

Miss Ethel Michaud, R. N., 221 South 17th street, left yesterday for Mason City, Iowa, where she has accepted a position as anesthetist for Mercy hospital.

T-5 James Porath, son of Mr. and Mrs. Gus Porath of Escanaba Route One, returned yesterday to his army post at Fort Mamoth, N. J., after spending a 15-day furlough with relatives and friends here.

Miss Gertrude Brown of Newberry is spending several days visiting at the home of Mr. and Mrs. Gerald Kennedy in Wells and with other relatives in Wells and Gladstone.

Mrs. June Smith of 800 South 11th street and her son, Blaine, have gone to Milwaukee where they will make the home following the transfer of Sgt. R. L. Smith to Milwaukee as recruiter. Sgt. Smith was recruiter in Escanaba previously.

Tech. Sgt. and Mrs. Tony Colombo of Sparta, Wis., are visiting for a few days with Mr. and Mrs. James H. Fisher, 507 South 11th street, parents of Mrs. Colombo. Sgt. Colombo is on a 20-day leave from his army duties.

P. E. Weinberg has returned from a week's business and pleasure trip to Minneapolis, St. Paul and Duluth, Minn.

William Corboy of Chicago has arrived at 920 Ludington street to establish headquarters as a division representative of Nu-Enamel Corp. He will remain here indefinitely.

Mr. and Mrs. Archie MacKerroll of Lake Linden, Mich., are visiting their sons Bruce and Robert here for a few days.

Mrs. W. F. Wickert, 801 South 13th street, is recovering from illness, which kept her confined to her home for the past week.

Mrs. Francis Costley and daughter, Mary Helen, and Mrs. Fred Breitenbach have returned from a visit with friends in Iron Mountain.

Mr. and Mrs. Charles Magnuson, Lake Shore Drive, who returned from an extended visit to Detroit, Ann Arbor and California recently are leaving for Detroit this morning. Mr. and Mrs. Bill LaPine, 1705 Ludington street will accompany them.

Mr. and Mrs. Alfred Derocher, of 416 South Ninth street, have returned home after visiting with their son-in-law and daughter, Mr. and Mrs. E. J. Savageau and their family, in Oak Park, Ill.

Mr. Savageau has gone to Kansas City, Mo., where he is now manager of the National Biscuit company's office and Mrs. Savageau, their daughter, Ceal, and son, Marshall, will join him there at the close of the school term. The Savageaus have bought a home in Kansas City.

Bert Doucette and his son, Wilfred, have returned from Rochester, Minn., where the elder Mr. Doucette received examination and treatment at the Mayo Clinic.

Guardians Will
Meet Wednesday

A meeting of all Blue Bird, Cam Fire and Horizon Club guardians will be held Wednesday evening, April 23, beginning at 8 o'clock, in Room 205 of the Junior high school. Plans for a Council Fire in May will be discussed at the meeting.

Orpheus To Hold
General Rehearsal
At 2 P. M. Today

The Orpheus Choral club will hold a general rehearsal this afternoon, from 2:00 to 4:30 o'clock at the Junior High school. All members should report promptly as the latter part of the practice will be devoted to divided rehearsal.

Tuesday evening's general rehearsal will begin at 6:30 o'clock and continue until 8:00. Full attendance is urgent.

Al Vietzke, chairman of the general admission tickets for the Orpheus Town Hall concert, has appointed Vera Holmgren as his Rapid River representative, and Brad Loveland as student ticket agent. Persons interested in obtaining single admissions may contact any Orpheus member.

June Bellefeuil
Edmund Bouty
Exchange Vows

St. Francis Xavier church in Spalding was the scene of the wedding of Miss June Bellefeuil, daughter of Jesse Bellefeuil of Wilson, to Edmund Bouty, son of Mr. and Mrs. Alex Bouty of Spalding at 8 o'clock Thursday morning with the Rev. Fr. Seifert officiating.

Music for the services was provided by Mr. and Mrs. Peter Kass and Mrs. Wallace Wells. Lilies, snapdragons and tulips decorated the altar.

The bride was attired in a pale blue gabardine suit with pink accessories. She had a corsage of shaded pink carnations and carried a white prayer book and rosary.

The bridesmaid, Mrs. Earl Weisner, wore a light gray wool suit with pink accessories and a corsage of dark pink carnations.

William Bellefeuil was best man for Mr. Bouty.

For her son's wedding Mrs. Bouty chose a navy blue dress with light pink accessories and a corsage of pink carnations.

A wedding breakfast for 20 guests was served following the ceremony at the home of the bride's sister, Mrs. Phil Labre, and a dinner was held at Parkers Inn. The dinner table was highlighted with a miniature bride and groom set as a centerpiece around which were placed white and pink candles.

The couple left on an unannounced wedding trip after which they will make their home in Spalding.

The bridegroom is employed by Lake States Oil company and is a graduate of Powers-Spalding high school. Miss Bouty is a graduate of Harris high school.

Out-of-town guests at the wedding included Mr. and Mrs. Willard Rew of Escanaba and Mr. and Mrs. Harvey Bellefeuil and Kenneth Bellefeuil of Hermansville.

More than 10 per cent of Sweden's almost seven million population live in Stockholm.

among relatives and friends. Red left here 10 years ago.

Mr. and Mrs. Jack Ehl and son visited recently at Ironwood, Mich. at the home of his parents.

Bazaar and Bake Sale
Members of St. Ann's Guild are planning a card party bazaar and bake sale to be held at the Community hall on the 10th of May.

Miss Bussineau
Is the Bride Of
George E. Bougie

Miss Frances Marie Bussineau, daughter of Mr. and Mrs. Joseph Bussineau, 29 Highland avenue, Wells, became the bride of George Edward Bougie, 1119 1st avenue south, Saturday, April 19 at 8 a. m. at the St. Joseph church. The ceremony was performed by Rev. Father Francis X. Hoffer, O. F. M. The music was furnished by St. Joseph's choir under the direction of Miss Eva Cossette. Miss Dolores Costley sang Schubert's "Ave Marie."

Miss Dorothy Caron, cousin of the bride, was bridesmaid and Benjamin Bougie, brother of the groom, was best man.

Miss Bussineau wore a white satin gown with a bodice bustle back, seed pearl trim and full skirt of silk illusion net. Her veil was also of illusion net with a seed pearl tulle. She carried a bouquet of white gladioli, sweetpeas and snapdragons. Miss Caron wore a gown of pink satin with net covering the skirt and a pink head veil and carried a bouquet of pink carnations, snapdragons and sweetpeas. The bride's mother wore a black dress with white accessories and a corsage of red roses. Mrs. Walford Broman, sister and guardian of the bridegroom, also wore a black dress and a corsage of red roses.

A wedding breakfast was served at the home of the groom's sister, Mrs. Walford Broman, 1119 1st avenue south. Dinner was served at the home of the bride. A three-tier cake topped by a miniature bride and groom served as the centerpiece.

The bride is employed by the City of Escanaba and the bridegroom by the Delta Cab Co. The couple will make their home at 1123 First avenue south.

Out of town guests at the wedding were Mrs. Dolph Doussept and daughter Florence of Sprague, Ontario, Canada.

Schaffer

Schaffer, Mich.—Mr. and Mrs. Joseph Potvin attended the spring convention of the Upper Peninsula Liquor and Beer Vendors Association in Menominee Tuesday.

Mr. and Mrs. Rene Sabourin of Escanaba visited at the Peter Sabourin home Tuesday.

Ferries At Straits
On Spring Schedule
Beginning May 1

Lansing, (AP)—The spring ferry schedule for the Straits of Mackinac, effective May 1 through June 15, was announced Friday by the State Highway Department.

Ferries will leave Mackinaw City at 6 a. m. and every hour-and-a-half thereafter until 7:30 p. m., after which there will be runs at 10:30 p. m., 1:30 a. m. and 4:30 a. m. The schedule from St. Ignace will be the same until 7:30 p. m., and thereafter there will be runs at 9 p. m., midnight and 3 a. m.

Success of Augustana Choir
Due to Genius of Director

HENRY VELD

The outstanding success of the Augustana Choir of Augustana college, Rock Island, Ill., which will appear in concert in William W. Oliver Memorial auditorium Tuesday evening, may largely be attributed to the skill and fine sense of musical proportion of its conductor, Prof. Henry Veld.

No detail of preparation is too trivial to engage the careful attention of the conductor in preparing the choir for its appearances. Daily rehearsals throughout the school year aggregating more than two hundred hours of patient work, coupled with exacting selection of voices and efficient leadership, is the key to the perfection attained by the Augustana choir.

During the war, Prof. Veld was choral conductor in the American University, Schrievham, England and the European continent.

Because of his outstanding success in molding young voices into effective choral ensembles, Prof. Veld is in great demand as a judge of musical contests, and a director of state high school festival choruses throughout the country.

Highly Praised
Particularly interesting to patrons of music in the community, who plan to attend the Augustana concert, are the following excerpts from a review written by Russell McLaughlin, of the Detroit News, following the choir's appearance in Detroit on April 14:

"The Augustana choir paid Detroit its first visit since before the war Monday night, singing at Music Hall to a crowd which filled the auditorium. And the same phenomenon recorded by this writer back in the 30's, is conspicuous, once more; viz., that this little college down in Rock Island, Ill., maintains the most impressive undergraduate choral body in the United States."

"Augustana College was founded by Swedish pioneers, nearly 90 years ago, and it now has an enrollment of about 2,000, more than half in the college of liberal arts. Music has always been emphasized. But 17 years ago, a notable thing happened to Augustana music, when an alumnus named Henry Veld arrived to take charge of the undergraduate choruses. He has been there ever since, except during the war."

HENRY VELD

years, when he was choral conductor at the American Army University in Schrievham, England.

"This was notable, because Veld is an acknowledged genius who, losing a third of his choral personnel by graduation in every normal year, still manages to find 70 magnificent voices, male and female, every autumn and to work them into a musical instrument capable of doing anything—literally a t h a t—demanded by history's greatest composers. A Bach cantata for double choir, totalling 10 parts, is routine for these eager youngsters under Veld's direction."

"But it is the choir as an instrument which astonished us a decade ago and whose quality is identical today."

Rev. Steen Back
From Centennial

Rev. Otto H. Steen, pastor of the First Methodist church, has returned from Ann Arbor where he attended the Judson Collins centennial celebration. At this celebration, arranged in honor of the first Methodist missionary to China from Michigan, a memorial fund of \$50,000 was pledged to be used equally for missionary work in China and in youth work in Michigan.

Guest Speaker At
Methodist Church

Miss Esther Carhart, a teacher in the American Girls' school at Lovetch, Bulgaria, will speak at a general meeting of all classes of the First Methodist Sunday school this morning at 9:45 o'clock.

She also will give a talk at the service this evening at 8 o'clock at the Bark River Methodist church.

Miss Carhart is visiting in Escanaba as the guest of Rev. and Mrs. Otto H. Steen, and of Mr. and Mrs. Wallace Watt. She and Mrs. Watt are former classmates.

Isabella Card
Party Wednesday

Daughters of Isabella of Trinity Circle are entertaining at a card party Wednesday evening, April 23, beginning at 8 o'clock, at St. Patrick's parish hall. Contract and auction bridge, five hundred, pinocle and buncio will be played with awards for high scores. The public is cordially invited to attend.

Visit Here To
Honor Birthday

Mr. and Mrs. Joel Olson and son, George, and Mr. and Mrs. John Olson, of Port Huron, Mich., and Dr. and Mrs. Paul Goranson, of Gottenburg, Sweden, who are in Chicago temporarily while Dr. Goranson is taking special dental work at Northwestern University, are spending the weekend here with Peter J. Olson, pioneer Escanaba resident, who will be 80 years old Wednesday, April 23. Joel and John are sons of Mr. Olson and Dr. Goranson is his nephew.

WSCS Birthday
Party Thursday

The Woman's Society of Christian Service of the First Methodist church will hold its annual birthday party Thursday afternoon, beginning at 3 o'clock, in the church parlors. All women of the church and their friends are invited to attend. Hostesses are Mrs. Charles Hammar, Miss Mabel Bowers, Mrs. Gottard Gustafson, Mrs. Otto Paeske, Mrs. C. E. Snyder, Mrs. Ed Anderson and Mrs. Wallace Hibbard.

Church Events

Bethany Meeting
A joint board meeting of trustees and deacons of Bethany Lutheran church will be held Monday evening, beginning at 7 o'clock.

Near East Circle
The Near East Circle of the First Methodist church will meet at 3 o'clock Friday afternoon, April 25, at the home of Mrs. E. G. Bennett, 809 Lake Shore Drive. Mrs. J. W. Watson will be assisting hostess.

Bible Lecture Today
H. B. Hardin, representative of the Watchtower Society will speak on the subject "Religion Versus the Bible" at 3 o'clock Sunday afternoon in Unity hall, 902 Sheridan road. The lecture will be the third in a series sponsored by the Watchtower Society, Brooklyn, N. Y. The public is invited and there is no admission charge.

Immanuel Choir Meeting
All choir members of Immanuel Lutheran church are asked to meet immediately after this morning's services, to get information concerning transportation to Stonington for presentation of the Easter cantata at Trinity Lutheran church this evening.

The tin coating from 500 tin cans would make a pile only one inch high.

Is Your Light
Where You
Want It?

Many home owners pay far more light than they actually get... pay far too much for current consumption on appliances—all because of inefficient arrangement of electric outlets. And lights in the wrong places are an inconvenience that can be quickly and inexpensively remedied. Let us give your home a free scientific check-up of home electric facilities. Recommendations and estimates without obligation.

League Group
Competing In
Appleton Meet

Twelve members of the Delta Bridge League are competing in the Wisconsin-Upper Michigan contract bridge tournament, which is being played at Appleton, Wis., this week end.

They are Mrs. D. R. Remington, Mrs. Joseph H. Shipman, Miss M. Sampson of Gladstone, Mrs. Oscar Kraus, Mr. and Mrs. G. E. Dehlin, of Gladstone, Mr. and Mrs. B. M. Howe, Mr. and Mrs. Harry Needham, E. J. Kremer and Cheever Buckbee, Jr.

A large attendance marked the regular League meeting Friday evening. Twenty-six boards were played in a seven table Howell movement and the contracts ran the scale from part scores to games and slams.

Pairs scoring 50 per cent or better were as follows:

1. J. L. Temby and L. W. Olson, 66.25.
2. Mr. and Mrs. J. Ferguson, 58.75.
3. Mrs. E. Martinson and Mrs. M. Sampson, 58.33.
4. Mrs. E. Beck and Mrs. C. E. Johnson, 55.41.
5. Mrs. J. E. Byrnes and Mrs. F. Hoyler, 53.75.
6. Mrs. J. Lemmer and Mrs. W. Schuldes, 52.91.
7. Mrs. D. MacLean and Mrs. R. Layman, 50.00.

Regular pair play will be held as usual next Friday evening at the Elks lodge rooms at 8 o'clock.

Births

Mr. and Mrs. Edwin Bergquist, of 105 North 19th street, are the parents of a son, born Tuesday, April 15 at St. Francis hospital. The baby, the first in the family, weighed eight pounds and four ounces at birth. Mrs. Bergquist is the former Dorothy Erickson of Bark River, daughter of Mrs. Betty Erickson of Wilson.

A daughter, Mary Susan, weighing seven pounds, seven ounces, was born April 18 to Mr. and Mrs. John A. Baribeau, Route One, Escanaba, at St. Francis hospital. The child is the first in the family. Mrs. Baribeau is the former Miriam Williams of Escanaba.

St. Joseph Prom
This Evening

Accented with a garden setting and the music of Ernest Tomasoni and his orchestra, the most important social event of the year for St. Joseph high school students, the annual junior prom will take place tonight at the school.

The most popular girl of the senior class will be selected by the juniors and she and her escort will be crowned king and queen. Seniors, juniors and sophomores as well as alumni are invited to this party which is being chaperoned by the mothers and fathers of the juniors.

Miss Mary Bartel, president of the senior class, and escort will lead the grand march. Dancing will continue from 8 to 12 o'clock.

Social - Club

Job's Daughters

Job's Daughters will hold an important practice Monday evening at 7 o'clock at the Masonic Temple.

Altar Society

The meeting of the Altar Society of St. Joseph's church will be held Wednesday evening at 8 o'clock in the parish hall. Following the meeting a social will be held with Mrs. Emma Bawden as hostess assisted by the following: Mesdames Marie Bryson, Elsie Klinger, Ethel Bawden, Ann Touthak, Anna Dugener, Marian Desilets, Rachel Dupuis, Mary Ettenhofer, Delphine Rouleau, Olive Gray, Ella Kristo, Mary Nelson, Mae Papineau, Laura Raymond, Eunice Sayen, Leah Williams, Anna Varino, Fannie Vorin and Ione Whitburn.

Economics Club

There will be an important meeting of the Bay View Home Economics club Tuesday evening, April 22, at 7:30 at the Bay View school. Members should bring materials to work on the achievement day project. Hostesses will be Mrs. Ed. Perry and Mrs. Capitola Bloom.

Meeting Postponed

The April meeting of the Lewis Cass chapter, Daughters of the American Revolution, has been postponed. The next meeting will be held May 12.

Morning Star Society

The Morning Star Society will hold a regular meeting at the North Star hall Wednesday evening, beginning at 7:30 o'clock. A grocery party, which the public is invited to attend, will follow the meeting.

Rapid River Guild

The Service Guild of Calvary Lutheran church in Rapid River will hold a regular meeting Wednesday evening, April 23, beginning at 8 o'clock, at the church. Miss Lily Hanson will be hostess. Members and friends are invited to attend.

Spring Rummage Sale

The First Presbyterian Mission Circle is holding its annual spring rummage sale Thursday, April 24, in the basement of the church, Ninth street and First avenue south. The church basement will be open all day, Wednesday, April 23, for the convenience of those having articles to donate for the sale.

Mary Reese Circle

Mary Reese Circle of the First

Presbyterian church will meet in the Guild hall Tuesday afternoon, April 22, at 2:30 o'clock. The devotion will be led by Mrs. E. B. Harris and the program is in charge of Mrs. William Harwood. Hostesses are Mrs. B. H. Cornell, Mrs. P. A. Aronson, Mrs. Andrew Nygaard and Mrs. Albin Olson.

St. Ann's Court

St. Ann's Court, No. 197, W. C. O. F., will hold a regular meeting and install recently elected officers this afternoon at St. Ann's parish hall. The meeting which opens at 4 o'clock, will be followed by a six o'clock dinner. Each member is asked to provide her own table service for the dinner. A musical program and cards will complete the evening's entertainment.

B. & P. W. Club

The Escanaba Business and Professional Woman's club will hold a dinner meeting Monday evening, beginning promptly at 6:30 o'clock at the First Methodist church. Alice Potter will give a book report as the program feature. Eva Michaud and Julia Parsons are members of the committee for the evening.

Pythian Sisters

Pythian Sisters of Justice Temple will meet at the home of Mrs. Conrad Anderson Monday evening at 8 o'clock. No notices have been sent out, but this is a very important meeting and every member is urged to attend.

Delta Hive Meeting

A regular meeting of Delta Hive No. 329, L. O. T. M. will be held Monday evening, beginning at 8 o'clock, at the home of Mrs. Herman Kamrath, 215 North 16th street.

Broman - Young

Miss Linnea Edith Broman of Farmington, Mich., daughter of Mr. and Mrs. Chas. Broman, 207 North 10th street, Escanaba, and Edmund William Young, son of Mr. and Mrs. Fred Young, Dearborn, Mich., were united in marriage in a double ring ceremony which took place Saturday morning, April 12, at 10:30. The ceremony was performed by Rev. Hector J. Sauluis at St. Bernardette church in Dearborn.

The couple was attended by Miss Marie Young, sister of the groom, and Leland Flock.

The bride wore a gown of white brocade satin with a sweetheart neckline and full train and a fingertip veil of net with a head-dress of white roses. She wore as her only jewelry a locket, a gift of the groom, and carried a bouquet of calla lilies, Easter lilies and white carnations. Marie Young, the maid of honor, wore a light pink net gown with a pink

headdress of carnations and carried a bouquet of dark pink carnations. Mrs. Porsman, mother of the bride, wore a dress of jersey print with a corsage of roses. Mrs. Young also wore a print dress and a corsage of roses.

Following the ceremony a wedding dinner was served at Shores cafe for 30 guests. The table was

decorated with two baskets of peach colored gladioli and lilies. A wedding party was held latter at Lilabas where a large wedding cake was served topped with a miniature bridal couple.

Those from out of town included the bride's parents of Escanaba, Mrs. Henry Menard of Flat Rock, Mrs. Paul Joliceur and Mrs. Ger-

ald LeHoullier of Milwaukee and Mr. and Mrs. Larry Young of Ypsilanti.

The couple, who are here on a wedding trip visiting friends and relatives, spent a few days in Milwaukee visiting the bride's sister.

They will make their home in Detroit where the groom is em-

ployed with the Seamless Steel Tubing company.

Two showers were given, one by Marie Young at 9909 Tractor avenue in Dearborn and the other by a friend of the bride, Mrs. Arnold Sutar.

Mr. and Mrs. Young will return to Detroit at the end of this week.

Wage Rates

that are fair to telephone employees who do the work

Telephone Rates

that are fair to telephone users who pay the bills

Telephone wages are a large part of your telephone bill. The union demands on wages and other matters would add \$26,000,000 a year to the cost of providing telephone service in Michigan. That is equivalent to adding more than \$1.50 a month per telephone to Michigan Bell's cost of serving the 1,406,000 telephones in its territory.

It is reasonable, from the point of view of the public, that telephone wages be fair to employees who do the work so that service will be good.

At the same time, the public has a right to expect that wage rates be kept within reason so that the rates for service can be kept within reason too.

Michigan Bell's job is to be fair both to telephone customers and telephone employees.

We think the public is entitled to know just what Michigan Bell's present wage rates are—and what they would be if the demands of the unions are met.

Here are the facts for typical non-supervisory jobs included in union contracts:

TELEPHONE WAGE RATES FOR ESCANABA

	Michigan Bell's Present Weekly Wage Rates		Weekly Wage Rates Demanded by Unions	
	Beginner's Rate (NO Previous Experience)	Top Rate	Beginner's Rate (NO Previous Experience)	Top Rate
Telephone Operators	\$25	\$34	\$39	\$53
Stenographers	\$25	\$41	\$39	\$58
Janitors	\$27	\$38	\$39	\$59
Truck Drivers	\$26	\$46	\$38	\$73
Linemen and Installers	\$26	\$55	\$38	\$83
Combinationmen who install and repair telephones, etc.	\$26	\$59	\$38	\$88
Cable Splicers and Switchboard Repairmen	See note	\$59	See note	\$88

NOTE: Generally, men are transferred to these jobs from other telephone crafts and start at the same rate of pay they are earning when transferred.

Beginner's rates apply generally to girls and young men just out of school who have had no previous experience. Persons with experience start at higher rates in keeping with their experience.

Periodic increases are granted based upon length of service. On the above jobs, the periods of time required to reach top rates now range from 2½ to 9 years, depending on the particular job. The unions are demanding that these periods be reduced to not more than 5 years.

The wage rates shown are for a five-day 40-hour week. Scheduled employees are paid extra for time worked over the basic work week, for Sunday and holiday work, and for evening and night duty.

The Key Issue in the Telephone Strike Is Wages

Michigan Bell's present wage rates compare favorably with others now paid in the community for work requiring similar skill. However, the unions are striking for still higher wages.

In an effort to settle the dispute, Michigan Bell has offered to submit the wage demands of the unions to a committee of representative Michigan citizens for arbitration and to abide entirely by their decisions.

The unions have not accepted that offer. Instead they are insisting that wages should be settled on a national basis.

Michigan people are familiar with Michigan conditions and are in the best position to determine whether Michigan Bell wages should be increased. It is they who will have to live with the decisions that are reached. It is they who will continue to pay the bills for telephone service in Michigan.

Our offer to arbitrate the wage issues in Michigan still stands.

Why won't the unions accept that offer and put an end to the interruption in telephone service?

MICHIGAN BELL TELEPHONE CO.

With your eyes
closed...

True quality is something you can buy with
your eyes closed. For the measure of quality is
not so much what can be seen as what cannot.

The maker who has kept faith with you through the years you
can have faith in, today. His job may be more difficult,
but his honor no less steadfast.

For over 50 years, the makers of Gold Cross Shoes have made only shoes which they could sell
with honor and which American women could buy with supreme confidence.

That is why we are so proud to be headquarters for Gold Cross Shoes.

That is why you (and so many other million women) prefer Gold Cross Shoes.

PLAN FIREMEN'S TOURNAMENT—Officers of the Upper Peninsula Firemen's Association, Gladstone firemen and city officials and several visiting firemen gathered Sunday to talk over tentative plans for the annual Upper Peninsula Firemen's Tournament scheduled to be held this year in Gladstone. Sunday through Tuesday, July 6-8, were the dates approved for the event. Left to right, seated, are A. Beauchene, Calumet; E. Couch, Stambaugh, association secretary; Al Jacquart, Ironwood, association vice president; Al Larson, Iron River, association president; Fritz Viser, Hancock, association vice president; Nor-

man LaBonte, Calumet, association treasurer, and Al Sineck, Calumet, past president; (second row) Wallace W. Cameron, Gladstone; W. Boyer and A. Weber, Ironwood; Fire Chief William Marshall, Gladstone; Commissioner Walter Lied, Gladstone; City Manager H. J. Henrikson, Gladstone and William Heslip, Gladstone; (back row) O. J. Collins, Iron River, past president; Ewald Johnson, Ironwood; Fred Schram, Gladstone; J. A. Holm, Iron River; Ernest DeHooghe and Mayor Albert Buckman, Gladstone.

Dept. Seeking Bids For Carrying Mail

Bids for carrying of mail between Gladstone and Trout Lake and return from July 1, 1947, to June 30, 1951 are being received by the postoffice department.

Award of the contract contemplates regular service to supercede temporary service on Star route between the two points, costing \$15,925 yearly.

Full details and application forms may be procured at the postoffice here.

First Baseball Practice Today

The Gladstone Indians and players who aspire to make the team will meet at the bay shore diamond this afternoon for their first practice session.

George Mathison will attend the Rainbow league meeting at Munising today at which time the league schedule is to be drafted.

Garden

Parties
Garden, Mich.—The Catholic Youth Organization sponsored a public games party at the St. John hall Wednesday night. There was good attendance and all enjoyed the fine lunch provided.

Briefs
Mr. and Mrs. Fred Olmsted returned Tuesday from a visit with their son, Fred, in Jackson. They were accompanied by their daughter, Nancy, and Miss Betty Kreschke who were unable to follow their employment because of the telephone strike.

Phoebe Pardee, a former resident of Van's Harbor, is confined in a hospital at Superior, Wis., because of illness.

Allen Lester and Al Forhart made a trip to Escanaba Wednesday.

Mrs. Emil Schraips returned from Chicago Tuesday.

Mrs. Bert Campbell left for her home in Marinette Wednesday after visiting her mother, Mrs. Edward Lemirande.

Mrs. Ossie Hazen motored to Milwaukee Monday and returned Tuesday.

Birthday Party
Marie, older daughter of Mr. and Mrs. Joseph Ouradnik, entertained several friends at her home Tuesday afternoon to celebrate her ninth birthday. Her guests, who included Bobby Boudreau, Jackie Potvin, David Pelletier, Richard Beaudre, Lynn Winter, Melanie Hazen, Marlene Guertin, Joyce Pelletier, Carol Jean La-

TO OBSERVE ANNIVERSARY

Open House Monday,
4-8, At John Mastage
Home

Mr. and Mrs. John Mastage, 621 Montana avenue, will observe the 50th anniversary of their wedding on Monday.

In celebration of the event, the actual anniversary of which falls today, there will be a dinner at 2 at the Log Cabin for close friends and relatives and from 4 to 8 open house will be held at the family home for friends and neighbors.

Mr. Mastage, 73, was born Jan. 23, 1874 while Mrs. Mastage, who is 69, was born Aug. 9, 1877. They were married on April 20, 1879 at Sweeneyville, Belgium, and seven years later, in 1904 they came to America and settled the same year in Gladstone where they have resided since.

Mr. Mastage was employed for 27 years by the Pittsburgh Coal Company, and later worked at the Tannery and Delta Chemical Company at Wells.

They have two children, Morris Mastage and Mrs. Armand (Margaret) Ducheny, both of Gladstone; and four grandchildren, Marlene and Dick Ducheny and Marie Brassick, city, and Mrs. Emil Frappier, Escanaba, and one great grandchild, Joyce Brassick.

tulip, Barbara Jaque, Leona Cota, Ann and Jane LaVallee, played games which resulted in prizes for David and Leona and enjoyed the delicious lunch which followed play. Marie received many nice gifts.

City Briefs

Mrs. Gunnar Holmberg of Gladstone Route One left yesterday for Chicago where she will visit a week with her daughter Juanita.

Mrs. Hubert Bray, 1317 Wisconsin avenue, left yesterday morning for Peshtigo, Wis., to attend the wedding of a niece.

Mrs. Steven Carriere sr., is spending the day in Rapid River visiting with friends.

Mr. and Mrs. Francis Grenier are the parents of an eight pound son born Friday at St. Francis hospital. The child has been named Michael Francis. Mrs. Grenier is the former Audrey Tardiff.

Ronnie Schram, 5, son of Mr. and Mrs. Peter Schram, submitted to an appendectomy Thursday at St. Francis hospital.

Mr. and Mrs. James W. Martin, 2933 Kelburn avenue, San Gabriel, Calif., are the parents of a son, James Walter, born April 15 in California. It is the fourth child in the family and the first son. Mrs. Martin is the former Ruth Anderson, daughter of Mr. and Mrs. August Anderson of Ensign.

The Jim Gibbs have moved from Dakota avenue to the Thompson apartments.

Carl Olson, student at Northwestern university, Evanston, Ill., is spending the weekend visiting with his wife, Mrs. Marie B. Olson.

CARD OF THANKS
I wish to express my sincere thanks to neighbors and friends for the flowers, cards and purse of money presented me and to the Sisters of St. Francis Hospital and the nurses who cared for me during my recent illness.

Signed:
Mrs. Wilfred Cole, Kipling

SPORTS CLUB MEET MONDAY

Color Films And Talk On
Fisheries Planned
For Evening

James Scully, district fisheries supervisor of the Michigan conservation department, will speak at a meeting of the Minnawaskan Sportsmen's club Monday evening at the city hall. Mr. Scully also will answer questions pertaining to fisheries matters.

"Michigan Trout Fishing" and "Canoe Trails," two color motion picture films, will be shown. One shows typical canoeing scenes on a number of Michigan's larger rivers while the other portrays trout propagation, raising and release as well as fishing for the trout with dry and wet flies. Herb Van Horn will preside at the meeting.

All members of the Gladstone Rifle and Pistol club and all persons interested in rifle or pistol shooting are invited to attend by R. A. Hale, club president.

Two Arrested For Illegal Fishing

Glenn Caswell, Rapid River, pleaded guilty to illegally snaring fish in Squaw Creek and upon arraignment before Justice of Peace O. C. Estenson was fined \$5 and costs of \$9.50.

Arresting him were Conservation Officers Ray Roberts, Nahma, and Earl Kaiser, Ensign.

Al Ansell, Garden, also was arrested for having an illegal fish in his possession. He was ordered to appear in court by Wednesday, April 23.

Arresting officers were Robert Bezzi and Ernest Rushford, of Rapid River, Earl Kaiser, Ensign, and Ray Roberts, Nahma.

Boy-Girl Scouts Meet On Monday

Movies will be shown Monday evening at a meeting of Boy Scouts and Girl Scouts at the high school assembly room.

A Scout Court of Honor will be held before the showing of the movies.

A new development in the optical industry is cleaning glass by bombarding it with electrons, a method of preparing television mirrors.

Former Resident Claimed In West

George L. Hammond, brother of the late Paul B. Hammond and an uncle of Mrs. Lowell Stade, city, died Friday night at St. Luke's hospital in Spokane, Wash., according to word received here. He had been ill four months.

Hammond is a former Gladstone resident and his widow is the former Fannie Robinson, Gladstone, who taught at one time in schools at Flat Rock.

Hammond left Gladstone for the west about 42 years ago. Surviving are the widow and three daughters. Funeral services are to be held Monday at Spokane.

Birlers Receive Rules Of Contest

Books outlining rules which govern the national log rolling contests are being mailed to all birlers on the lists of the National Log Rolling association, D. A. Mathison said yesterday.

Mr. Mathison, chairman of the roleo this summer again, has received word from Jim Murray, Coeur d'Alene, Idaho, old-time birlar and announcer, saying he will be in Gladstone for the contest. He enclosed a clipping from a paper from his home town publicizing the roleo.

Lions Dine On Red Snapper; Hear Fine Music By Quartet

Lions enjoyed a barber shop quartet from Escanaba Thursday evening at their regular meeting. Forming the quartet were Lowell Sundstrom, Nick Bink, Ernie Peterson and R. Kernisky.

They also enjoyed a dinner of red snapper, salt water fish, sent the club by W. S. Skellenger who is vacationing in Florida.

The club voted to take four memberships in the Chamber of Commerce.

Hospital Fund

A dancing party, sponsored by the Lincoln School PTA at the school gymnasium Friday evening was a success both from a social and financial standpoint. It was announced here yesterday.

The affair was held to secure funds for the benefit of the hospital and funds for a generous contribution to the cause were secured.

The committee in charge is especially thankful to the Swing Kings orchestra. Members are Norman Martin, Ralph Williams, Bob Gierke, Francis Kasun, Pete Gorsche and Shorty Burnett.

Four New Members
Assume Places On
Supervisor Board

Four new names will be entered on the roster of the Schoolcraft county board of supervisors when the unit convenes at the court house tomorrow morning. Three township supervisors went out in the February primaries and one in the recent election.

Whether this change will have any bearing in the reelection of Leonard Carley, of Cooks, as chairman of the board, remains to be seen, but the realignment of committee assignments may have far reaching effect on that body.

The chief order of business at the session will be action relative to the proposed community hospital. Action on this matter will be on the agenda for Tuesday.

The new members are Ovid Swisher, Germfask, who succeeds Frank Conlin; Wells Brown, Mueller, who succeeds William Tennyson; Floyd Sample, who succeeds Cecil Johnson, in Thompson; and Herbert Burns, who replaces William Rodman, in Manistique township.

SPUD ACREAGE
TO BE AVERAGEWays Being Sought To
Improve Market For
Local Product

Will Schoolcraft county farmers raise as large an acreage of potatoes this season as they have in the past?

"Yes," says Joseph Heirman, county agent. Many local people will remember the sensation of a couple of months ago when potatoes were destroyed in large quantities because of the glut on the market, said the county agent, but the strange fact still remains that last year's potato crop was the smallest in several years.

Inefficient marketing methods, he said, were largely responsible for the fact that this area had tons of the best potatoes obtainable but no way to get them to the buyer. Ways are being sought to make people of the Chicago and Detroit areas conscious of Upper Michigan potatoes so that the marketing housewife from those areas will demand Michigan potatoes as readily as she does the Maine or Idaho products at present.

These marketing methods, he says, embody a number of things such as cleaning, selection for uniform size, sacking and advertising. Schoolcraft county potatoes are superior to Idaho irrigated potatoes, both for flavor and keeping qualities, it was said, yet Idaho potatoes reach even the Manistique market and have a good sale. The Michigan department of agriculture is working to insure a better break for the Upper Michigan potato grower, Heirman asserts.

Trenary

Mrs. Walter Cunningham spent Thursday and Friday in Escanaba to attend the meeting of the Upper Peninsula county chairmen of the Home Economics Extension.

Mrs. John Jacobson who has been ill the past week is recovering.

Mrs. Edmund Oulette and Mrs. Robert Richmond spent Friday in Escanaba.

Mrs. William Quarfoot and Mrs. Walter Cunningham attended the executive meeting of the Home Economics extension in Munising Monday.

Mrs. Margaret Jones of Pellston, Mich., was a business caller in Trenary this past week.

Rock Pupil Wins
District Title

Rock, Mich.—Lester Bazinet of Rock high school placed first in the dramatic declamation division of the District forensic contest held in Munising. He presented "Another Spring." Competing in the contest were students from Rock River, Munising, and Rock high school.

Social

Bridal Shower

Nurses at Pittsburg, (Calif.) community hospital recently honored Mrs. Carl W. Knuth at a bridal shower given at the Nurses Residence with Miss Margaret Graham, as hostess. Mrs. Knuth is the former Barbara Brauer, supervisor at the hospital.

The former Miss Brauer and Mr. Knuth were married in Sacramento, Calif., on April 9. Forty guests presented the honoree with many gifts, following a program of games and refreshments.

Mr. Knuth, who received his honorable discharge from the service on April 1, is a former Manistique resident and is the son of Mr. and Mrs. Paul Knuth.

Legion Auxiliary

A regular meeting of the American Legion Auxiliary, Unit No. 83, was held Thursday evening in the Legion hall. After the business session a Child Welfare program was given by the chairman of that committee, Mrs. Hedvig Cooper, consisting of several readings, and duets by Mrs. Orlando Ott and Mrs. Frank Pavlot, accompanied at the piano by Mrs. Mary Arrowood. Cards were played with prizes being awarded in 500 to Lottie Weber and Grace Collier. In other games Carrie Archambeau and Grace Marchand received awards. Refreshments were served later by the following hostesses: Bertha Vaughan, Ora Ackerman and Lillian Curran.

Nahma

BOWLING NOTES

Nahma — The Men's Bowling League of Nahma entered the last week of bowling with Lew Bremer. Scholars locked in the top position. The Scholars took two games from Rudy Jehn's Hot Shots which gave them enough wins to coast thru the remaining week of the season. On Monday night Warner's Billy Goats dropped three hard games to the Blue Ribbons giving Bennette's boys a chance at second place. The Celtics, led by Bob Thibault, defeated Atkinson's Pirates two games on Tuesday night which put the Celtics in the second position. Bill Schafer of the Scholars scored the week's honors with a game of 221.

Team	Standings	W	L

Names Omitted
Mrs. Ray Roberts of Nahma and Mrs. Ruben Paul of Masonville were among those who attended the shower given for Mrs. William Persovich recently.

MRS. EMMA J.
RAPIN IS DEADFuneral Services To
Be Held Monday
Morning

Mrs. Emma J. Rapin, 64, resident of Manistique for the past 40 years, died Friday morning at the Shaw hospital following a short illness.

Mrs. Rapin was born at Fayette, March 7, 1883 and June 22, 1900, at St. Ignace, was married to Joseph Rapin. Three years later they moved to Manistique where the family has lived ever since. At the time of her death their residence was at 808 Arbutus avenue. She was a member of St. Francis de Sales Catholic church.

Surviving her are her husband, a son, Richard of Detroit; two daughters, Mrs. John H. Vaughn, of Detroit, and Mrs. John Durno, of Manistique; a sister, Mrs. Emma Collins, Vancouver, Wash.; and three brothers, Roy Belleville, of Vancouver; Donna Belleville, of San Francisco, Calif.; and Fred Belleville, of Vancouver. Eight grandchildren also survive.

Funeral services will be conducted at St. Francis de Sales Catholic church at 8 Monday morning. The Rev. Fr. B. J. P. Schevers will conduct the funeral mass, and burial will be in Fairview cemetery. The body will lie in state at the Morton Funeral home until the time of the services.

Cancer Drive Here
Will Be Conducted
On Moderate Scale

Although the request for funds in the current cancer campaign will be light in Schoolcraft county, due to the fact that the people are assuming a great financial responsibility in helping underwrite their hospital, a general canvass is being made, and the public will be asked to contribute to this worthy cause.

A canvass of downtown Manistique has brought good results, Walter Moon, county chairman, reports and the public seems to be very much in sympathy with the cause.

A special emphasis will be placed on the contribution containers placed about the city in stores and taverns. The boxes are purple in color with yellow and red lettering. They have been widely distributed.

Elks
Merry-go-Round
Doubles

Hiawatha Metal
Plant Future
Much Discussed

The future of the Hiawatha Metal Products company has been subject to much speculation in Manistique since a number of local firms received word this week from the Tee-Gee Manufacturing Company of Brooklyn, N. Y., successor to J. F. Kluit, to the effect that the company would not be responsible for certain indebtednesses incurred by the company when operated by Kluit.

At the time the company was reorganized with the Brooklyn firm in control, the company took care of labor claims against the old setup and it is understood this phase of the indebtedness has been completely cared for.

There are, however, many

Expedience Is
A National Sin—

The world's besetting sin, it would seem from what is coming to light every day, is the way politicians and people consider momentary gains and disregard the future. Generations yet unborn will be burdened with debts for expenditures made in one day that did little good except to make votes. So it is with drycleaning. An occasional trip to the dry cleaners will make that suit presentable and give it many months extra wear.

Tribe Squares Series With 5-3 Win Over Tiges; Cubs Beat Cards

LOU BOUDREAU SCORES 3 RUNS

Big 5th Not Enough For Detroit; Hal, Bob Meet Today

Detroit, April 19 (AP)—Breaking out with a flurry of extra-base hits, including four doubles and Pat Seery's home run, the Cleveland Indians whipped the Detroit Tigers 5 to 3 here today for their first victory of the American league season. A crowd of 14,424 braved 10-above weather.

Manager Lou Boudreau of the Indians, with a perfect day at bat including two doubles and a single, scored three Cleveland runs and starred in the field. Right-hander Don Black, who bested Detroit's Freddie Hutchinson as each gave up nine hits, subdued the Tigers in every inning but the fifth, when they bunched five hits, including Pat Mullin's two-run home, for all three of their runs.

Boudreau and Seery had plenty of help at bat as the Indians broke an 18-inning scoring famine by using an extra-base hit to score every one of their runs.

Wertz Hitless Again—Joe Gordon had a double and two singles and Les Fleming a single and a double.

Boudreau's first two-bagger enabled him to score Cleveland's initial run in the first inning on Fleming's single. Boudreau's walk and Seery's homer accounted for two more in the fourth and Boudreau, Fleming and Gordon all doubled for the last two Indian runs in the sixth.

Detroit put nearly all its attack together in the fifth when Eddie Maynor doubled, Mullin crashed his second home run in as many days, Hutchinson, Eddie Lake and George Kell singled successfully to fill the bases and Roy Cullenbine drew a walk that forced a run across. Rookie outfielder Vic Wertz, who went hitless for the day, bounced out to end the spree.

Birdie Catches Three—The Cleveland victory squared the current series at a game apiece, leaving tomorrow's scheduled Bob Feller-Hal Newhouser pitching duel to settle it.

Hoosier's running one-hand catch of Black's liner in the ninth was the day's fielding gem. Detroit Catcher Birdie Tebbets threw out three Indians trying to swipe second. The Tigers left three runners stranded in their big fifth inning and only three others in the other eight frames. Dick Wakefield, making his first appearance of the season, struck out in the ninth while pinch-hitting for Tebbets.

WATER SKIERS COMING HERE—This is just one of many water skiing tricks that will be seen here July 4 and 5 when a troupe of 10 experts from Holland and Grand Rapids, Mich., and Winter Haven, Fla., will come to Escanaba to perform in Little Bay de Noc as a feature athletic event of the Hiawathaland festival. Two of the group are national champions. Lou Withey, Grand Rapids, Mich., who won both the senior and junior men's titles in the fourth annual national meet in Holland, Mich., will be here, as will Charles and Robert Sligh, Holland experts, and Martha Mitchell, Florida star. Willa Worthington, Osego, Ore., national women's champion, also is expected to participate in the Hiawathaland exhibition.

The Sports Parade

BY JIM WARD

One of the most novel and most exciting athletic events to be featured in Escanaba in conjunction with the Hiawathaland festival will be the water skiing exhibition to be presented by a team of 10 experts from Holland, Mich., and Winter Haven, Fla., some of whom are national champions.

George Grenholm, Escanaba recreation director, recently received a letter from Charles R. Sligh Jr., of the water skiing Sligh family of Holland, Mich., in which he assured the presence here of the entire team.

"We will be happy to give an exhibition in Escanaba July 4 and 5," Sligh wrote. "I will be interested in hearing further from you regarding exactly where the show will be held, and it may be that I can fly up some weekend during the late spring for a chat with you about the various arrangements."

The Slighs, incidentally, are still wintering in Winter Haven, Fla., where they are enjoying a water-skiing vacation and getting in a lot of solid practice.

Among those expected to be here are Charles and Robert Sligh, Lewis Withey III, 16-year-old Grand Rapids, Mich., sensation, who wears the national senior and junior men's crowns, and Willa Worthington, 13, of Osego, Ore., national women's champion.

These and others were recently featured in Life magazine on the occasion of the fourth national water ski tournament on Lake Macatawa at Holland, Mich.

Prize picture in the Life spread was an unusual shot of Robert Sligh taking a honey of a header after getting crossed up on a jump. His feet and skis are skyward, his hands had just broken loose from the tow bar, and his head is about ready to make an unorthodox entry into the water.

They travel at speeds of 42 miles an hour in this sport—they jump, zigzag, ride double (one standing on another's shoulders) and to show their versatility, they even ride backward on one ski. No end of tricks in an expert water skier's repertoire, it seems.

The record shows that this fast, exciting sport started about 15 years ago when some French ski troopers out for a lark one afternoon—you know how soldiers are—decided to try their snow skis on water. Voila! It worked—and at that moment, precisely, water skiing was born.

As it developed, however, the narrow three-and-one-half-inch snow ski proved to be too small. Later experiments showed that a seven-inch-wide ski provided more stability and enabled the enthusiast to cut up a bit more without having the "slabs" cut into the water, spill the rider and spoil his fun.

The sport now has 10,000 followers in the United States, a figure which undoubtedly would be much higher were it not for the inconvenience of finding seven-foot-long and seven-inch-wide wooden skis to say nothing of buying for them at \$35 a throw—and of finding a boat and 75 feet

of rope that will tow you at the rate of 20 m. p. h. At any rate, it looks like good fun, unless you take a header like reckless Robert Sligh. But, according to brother Chuck, the jump is the ticket. That's what provides the thrills.

The gang will be here July 4 and 5, and the exhibition will be staged on quiet water near a spectator vantage point in Little Bay de Noc. Don't miss it! Maybe Robert will accommodate us with another header.

Late sports items gleaned from last night's wire: Benny Leonard, former lightweight champion, always said: "I'll be in boxing until I breathe my last." He was. He collapsed and died in the ring at New York Friday night. Small and wiry Yun Bok Su, 24-year-old University of Korea student, was the sensation of the Boston A. A. Marathon yesterday. He outran a brilliant international field of 156 to beat Finland's Mikko Hietanen by two-thirds of a mile in a new course record of two hours, 25 minutes, 39 seconds. He had the race wrapped up five miles from the finish after falling on all fours once when a fox terrier yapped at his heels and upset him.

Ohio State's track team, undefeated outdoors in dual and triangular competition since 1945, won seven firsts to beat Michigan State and Purdue in a dual meet yesterday. The Ohio State's scored 77 1-3. The Spartans, second, had 50 2-3. Bob Wright copped both hurdles for the winner and Bob Schepers swept the 100 and 220 sprints for Michigan State. Police yesterday were investigating the story of a 106-year-old man who said he came to Detroit from Philadelphia to see

George Kell play Friday. He didn't quite make it. He was found near exhaustion in Union depot. He listened to the game from a bedside radio. Kell went hitless. Escanaba archers will start warming up this afternoon at a meeting at 58 park. The club will organize the site for the field, covering course will be inspected, and all archers are asked to bring along their equipment. Archery will be a big event in the Hiawathaland festival here in July. Three new entries in the Silver Gloves boxing meet here soon are Glenn Perry, 14; Delbert Mercier, 13, and Leonard Fox, 14, all of Munising.

33 Teams To Roll This Week In City Pin Meet

Thirty-three teams and several singles contestants and doubles combinations will compete in the annual city bowling association tournament at the Arcade alleys this week in the busiest week of the pin classic to date.

Current leaders for 1947 crowns are R. Carlson and R. Moran in the doubles with a right hand-some 1,293 count, W. C. Erickson in the singles with an equally commendable 655 tally, and those Hyde Sportmen who pummeled the pins for a 3,108 last week to give the boys coming up something big to shoot at.

The timber will start to fall at 7 tonight when Fly Weights, Ehnerd's Peddlers, the 800's, Clairmonts, Sad Sack and Harry's quintet are slated to bowl in the five-man event.

Six Teams Tomorrow—Six teams will roll tomorrow night, six more Tuesday night, and the pins will get a severe battering Wednesday night when 12 quintets will take over, six at

FIRST VICTORY FOR CHICAGO

Pafko Hitless But Gets 4 Runs; Chipman Scatters 9 Hits

St. Louis, April 19 (AP)—The Chicago Cubs, who had scored but two runs in their first three games of the season, finally found their batting eyes today and pounded out a 7 to 1 victory over the World Champion Cardinals.

What started out like a south-paw pitching duel between Bob Chipman and Al Brazle ended in the seventh when the Cubs shelled the tall Oklahoman from the mound with a four-hit attack, including doubles by Phil Cavarretta and Bill Nicholson. It was their most potent batting attack of the year.

Murry Dickson stopped that assault, but the Cubs added another run in the ninth off Ken Burkhardt. Andy Pafko scored four runs for the Cubs, although failing to make a hit. He walked twice, was hit by a pitched ball once and reached first on a force out in the first inning. He stole second and tallied on Marty Marion's error.

The Cards tied it in the second on Whitey Kurowski's double. Enos Slaughter's infield hit and Marion's single. The Cubs took a two-run lead in the fourth when Brazle yielded bases to Pafko, Bob Scheffing and D. Johnson and Len Merullo delivered a two-run single. Their three-run blast in the seventh iced the game.

Cavarretta played first base in place of Eddie Waitkus who was out of action with a slight spine wound suffered yesterday.

PIRATES WIN 4 STRAIGHT

Pittsburgh, April 19 (AP)—The Pittsburgh Pirates racked up their fourth straight victory today to keep their unbeaten pace atop the National League, combining timely hitting with Nick Strincevich's three-hit pitching to brush aside the Cincinnati Reds, 6-1, before a windswept crowd of 21,891. The crowd included a "knothole gang" of 6,723 children admitted free. Cincinnati—000 001 000—1 3 1
Pittsburgh—320 100 000—6 9 0
Lively, Hetki (1), Riddle (6) and Mueller; Strincevich and Jarvis.

PHILLIES, BRAVES SPLIT

Boston, April 19 (AP)—Hopping on Charlie (Red) Barrett for five runs in the opening inning, the Philadelphia Phillies today won the second game of a Patriots Day doubleheader 9-2 after bowling 9-3 to Boston's Braves in the opener. Philadelphia—000 003 000—3 8 2
Boston—000 010 120—9 12 2

GAMES TODAY

New York, April 19 (AP)—Probable pitchers for tomorrow's major league games (x—last year's won and lost records in parentheses):
American League
St. Louis at Chicago (2)—Fanning (5-2) and Muncie (3-12) or Sanford (2-1) vs. Grove (8-13) and Lee (2-4).
New York at Philadelphia (2)—Johnson (0-1) and Chandler (0-1) vs. Marchildon (1-0) and Flores (9-7).
Boston at Washington—Parnell (0-0) vs. Masterson (5-6).
Cleveland at Detroit—Feller (0-1) vs. Newhouser (1-0).
National League
Brooklyn at Boston—Gregg (1-0) vs. Sain (0-1).
Philadelphia at New York—Rowe (1-0) vs. Carpenter (1-3).
Cincinnati at Pittsburgh (2)—Eraut (0-1) and Blackwell (1-0) vs. Sewell (1-0) and Bahr (8-6).
Chicago at St. Louis—Borowy (0-1) vs. Pollet (0-1).
(x—Records of Chandler, Marchildon, Feller, Newhouser, Gregg, Sain, Rowe, Eraut, Blackwell, Sewell, Borowy and Pollet for this season.)

Escanaba Bears Set To Practice Today

Weather permitting, the Escanaba Bears, who will compete in the Rainbow Baseball league this season, will hold their first practice at the city diamond this afternoon. If the weather is reasonably fair, the practice will start at 2:30, it was announced yesterday.

SOFTBALL PRACTICE—The Texaco Stars softball team will practice on the Webster school diamond at 2 this afternoon. All players and prospective members of the team are reminded to be there promptly.

All-American Red Heads Will Play Escanaba Vets Here Saturday, April 26

The All-American Red Heads, world's champion women basketball team and internationally famous in caging circles, are coming to Escanaba to play the Escanaba Veterans of Foreign Wars in what promises to be one of the most interesting basketball attractions of the season.

The game will be played in the junior high school gymnasium here next Saturday night. In addition to their prowess on the court, they also have a bag of tricks that are sure to please the spectators. In the current lineup are such basketball standouts as Alice "Peaches" Hatcher, Ruth

Haines, Toby McGee, Stubby Winter, six-foot four-inch Gene Love, Hazel Walker and Captain Danny Daniels.

The team is managed by Ole Olson, the original Olson of Olson's Terrible Swedes, whose Red Head team is winding up its eighth year of competition against the top teams of the nation.

Having played before more than 2,000,000 people in eight long seasons and won a large percentage of their games, the lassies are something to be reckoned with when it comes to trying to outdo them in the art of propelling the oval into the hoop.

Olson's girls feature the "wheel-ball handling" system in which the lassies deploy a series of complicated screening formations built around an expert pivot ball handler. Each member of the team is adept at handling a ball backhanded and at palming the large pellet with one hand.

The Red Heads, incidentally, play exclusively against men's teams and of course abide by men's rules.

Manistique Keglers Charter Greyhound For Wakefield Meet

Manistique—Eight Manistique bowling teams will participate in the Upper Michigan bowling tournament in Wakefield next Saturday and will leave by chartered Greyhound bus Saturday

Stonington Picked For Pumpkin Farm

BY ANDY P. OLAFSON

Well we was talking over about putting in Gardens and Joe Russell he says he has some Pumpkin seeds which is guarantee to grow the biggest Pumpkins ever saw around here and accorden to the picture in the Catalog those there Pumpkins grow to about the size of a Over night cabin or a Automobile house trailer and he says they could easy be made into Summer cabins & to help out the Housing shortness if you Hol-low out the in- Olafson sides & put in door and windows and he says when you get hungry for pie you can all ways cut a chunk out of the wall and make Delicious Pumpkin pies but on acct. of growing so big he says you could not grow them in the city gardens on acct. of they might crowd out the houses but he says may be it would be good idea to plant some over at Stonington where is lots of room and you could raft those Pumpkins to market floating them in the water behind a tug boat and over at Stonington we have a Fertilizer mine where you can dig it up handy also lots of cows and that would make the Pumpkins grow bigger yet and Joe says if you really go into it in a big way you could grow enough Pumpkins to hold up a bridge across the Bay to Stonington & he would call it a pumpkin bridge but if you do not believe all this see Joe Russell he has the Pumpkin seeds to prove it also a picture of Persens living in them meaning the Pumpkins

Well it has been so windy we have not did any plowing yet on acct. of our Horse is shedding hairs & when you take him out the hairs blow in your eyes and we are afraid he is getting bald on one end

Hoping you are the same
By Andy P. Olafson.

Naval Reserve Now Open To All Men 17-40 Years Old

Effective as of April 1, men 17 to 40 years of age became eligible for enrollment in the Naval Reserve though they did not have previous military service and were registered for the draft. Previously only those non-veterans of 17 to 18½ and 30 to 40 years of age were acceptable.

Navy Recruiting officials also announce that a change in policy now makes it possible for ex-Army and Marine Corps veterans to enlist in the Naval Reserve with a Navy rating equivalent to their rating in respective branches prior to discharge. Before April 1, these men could not hold a rating above that of seaman first class.

Ex-Navy and Coast Guard personnel continue to be enrolled in the rating held at time of separation from the service. Age-limits for veterans remain the same, 17 to 64 years of age. Ex-Army personnel must be between the ages of 17 and 40.

No active duty is required of Naval Reservists in peace-time. Each member is eligible for enrollment in an organized unit and to attend weekly meetings for which he receives a full days active duty pay. All Naval Reservists may apply for a two-week annual cruise with units of the fleet.

Further details may be had from the Recruiting station in the Post Office building here. There will be a recruiter in Escanaba Thursday, May 1.

The first railroad sleeping car was operated in the United States in 1836.
